Kevin Bunch

Manager of Reliability Compliance
EDF Trading North America, LLC

Independent Power Marketer Segment

Kevin Bunch is Manager of Reliability Compliance for EDF Trading North America, LLC. He is responsible for overseeing EDF's operational and IT compliance activities and for development of EDF's compliance policies and procedures applicable to ERCOT and NERC.

Mr. Bunch has managed NERC and ERCOT compliance for more than 10 years, in a variety of roles. Mr. Bunch started his career with ERCOT and worked as a NERC compliance auditor for the Texas Reliability Entity. Prior to joining EDF, Mr. Bunch developed and implemented NERC compliance programs for an independent generator.

He is the immediate past chair of the ERCOT Reliability and Operations Subcommittee. Mr. Bunch also served on the ERCOT Technical Advisory Committee and the ERCOT Wholesale Market Subcommittee.

Mr. Bunch received his Bachelor of Science in software engineering from The University of Advancing Technology.
