Tab	Notes
<a href="#">Disclaimer</a>	Please read.
<a href="#">Definitions</a>	List of definitions
<a href="#">Changes from 2008 CDR (December Update)</a>	List of changes from the 2008 CDR (December Update)
<a href="#">SummerSummary</a>	Shows load forecast, generation resources, and reserve margin for summer 2009 through summer 2014
<a href="#">WinterSummary</a>	Shows load forecast, generation resources, and reserve margin for winter 2009 through winter 2014
<a href="#">LongTermProjections</a>	Graphs of capacity and demand through 2029
<a href="#">SummerFuelTypes</a>	Lists generation fuel types by MW and by percentage for summer 2009 through summer 2014
<a href="#">WinterFuelTypes</a>	Lists generation fuel types by MW and by percentage for winter 2009 through winter 2014
<a href="#">SummerCoincidentDemandbyCounty</a>	Shows estimated summer coincident demand by county for 2009 through 2014
<a href="#">SummerLoadbyCounty</a>	Shows estimated summer non-coincident load by county for 2009 through 2014
<a href="#">SummerGenerationbyCounty</a>	Shows summer generation by county for 2009 through 2014
<a href="#">SummerImport-ExportbyCounty</a>	Shows calculated import or export by county for summer 2009 through summer 2014
<a href="#">WinterCoincidentDemandbyCounty</a>	Shows estimated winter coincident demand by county for 2009 through 2014
<a href="#">WinterLoadbyCounty</a>	Shows estimated winter non-coincident load by county for 2009 through 2014
<a href="#">WinterGenerationbyCounty</a>	Shows winter generation by county for 2009 through 2014
<a href="#">WinterImport-ExportbyCounty</a>	Shows calculated import or export by county for winter 2009 through winter 2014
<a href="#">SummerCapacities</a>	Lists units and their capabilities used in determining the generation resources in the Summer Summary
<a href="#">WinterCapacities</a>	Lists units and their capabilities used in determining the generation resources in the Winter Summary
