

Issue: Motion to attach to the load zone document the following language: In the context of the TNT stakeholder process, the filing of a proposal by ERCOT that includes NOIE load zones will be dependent upon the results of a quantitative analysis by ERCOT which demonstrates that the implementation of NOIE load zones, either individually or in combination, within a larger TNM load zone will not result in a material adverse economic impact on consumers remaining in that TNM zone.

Date: 18-Feb-2004
