

DOCKET NO. 35428

APPLICATION OF THE ELECTRIC	§	PUBLIC UTILITY COMMISSION
RELIABILITY COUNCIL OF TEXAS FOR	§	
APPROVAL OF A REVISED NODAL	§	OF TEXAS
MARKET IMPLEMENTATION	§	
SURCHARGE	§	

NOTICE

On March 6, 2008, Electric Reliability Council of Texas, Inc. (ERCOT) filed with the Public Utility Commission of Texas (Commission) its Application for Approval of a Revised Nodal Market Implementation Surcharge (Nodal Surcharge). The purpose of the Nodal Surcharge is to fund the personnel, software, equipment, training and services necessary to timely and economically develop and implement a high quality and reliable Nodal Market. In May 2007, in Docket No. 32686, the Commission approved a Nodal Surcharge in the amount of \$0.127 per megawatt hour (MWh), to be charged to QSEs representing generation resources. The Nodal Surcharge is calculated by multiplying the surcharge factor of \$0.127/MWh by the total net metered generation aggregated to the QSE level. ERCOT requests that it be authorized to increase the Nodal Surcharge to \$0.169/MWh, effective no later than June 1, 2008. ERCOT requests that the Commission increase the Nodal Surcharge so that ERCOT may recover additional costs of the Nodal Program not included in the estimates available when the \$0.127/MWh Nodal Surcharge was approved in Docket No. 32686. The ERCOT Board of Directors approved ERCOT's filing for a Revised Nodal Surcharge at its January 15, 2008 meeting.

The deadline for intervention in the proceeding is March 31, 2008.

Persons who wish to intervene in or comment in this proceeding should notify the Public Utility Commission of Texas by the intervention deadline. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. A request to intervene shall include a statement of position containing a concise statement of the requestor's position on the application, a concise statement

of each question of fact, law, or policy that the requestor considers at issue and a concise statement of the requestor's position on each issue identified.

ERCOT has posted this Notice and a copy of its Nodal Surcharge Application on its web site at http://www.ercot.com/about/governance/legal_notices.html. Interested parties may also access ERCOT's Application for a Nodal Surcharge through the Public Utility Commission's web site at <http://www.puc.state.tx.us> under Docket No. **35428**, *ERCOT Application for Approval of a Revised Nodal Market Implementation Surcharge*.
