The designated Transition Sponsors' duties include:

- Serving as the authoritative point of contact for nodal readiness and transition efforts for each affected ERCOT division/area
- Securing the appropriate participation of staff for their organization
- Facilitating ERCOT's Readiness Declaration of progress for the departments within their organization

The designated Transition Sponsor will be authorized;

- To bind their organization to meet requirements of the agreed nodal program implementation plan and schedule
- To secure adequate resources to fulfill obligations to implement the nodal program for their organization
- To share the organization's nodal implementation timeline and project status with the nodal team and Nodal Steering Board, the ERCOT Board, and the PUCT
- To certify their organization's progress on ERCOT readiness metrics.
