

System Planning Report

Board of Directors
17 November 2008

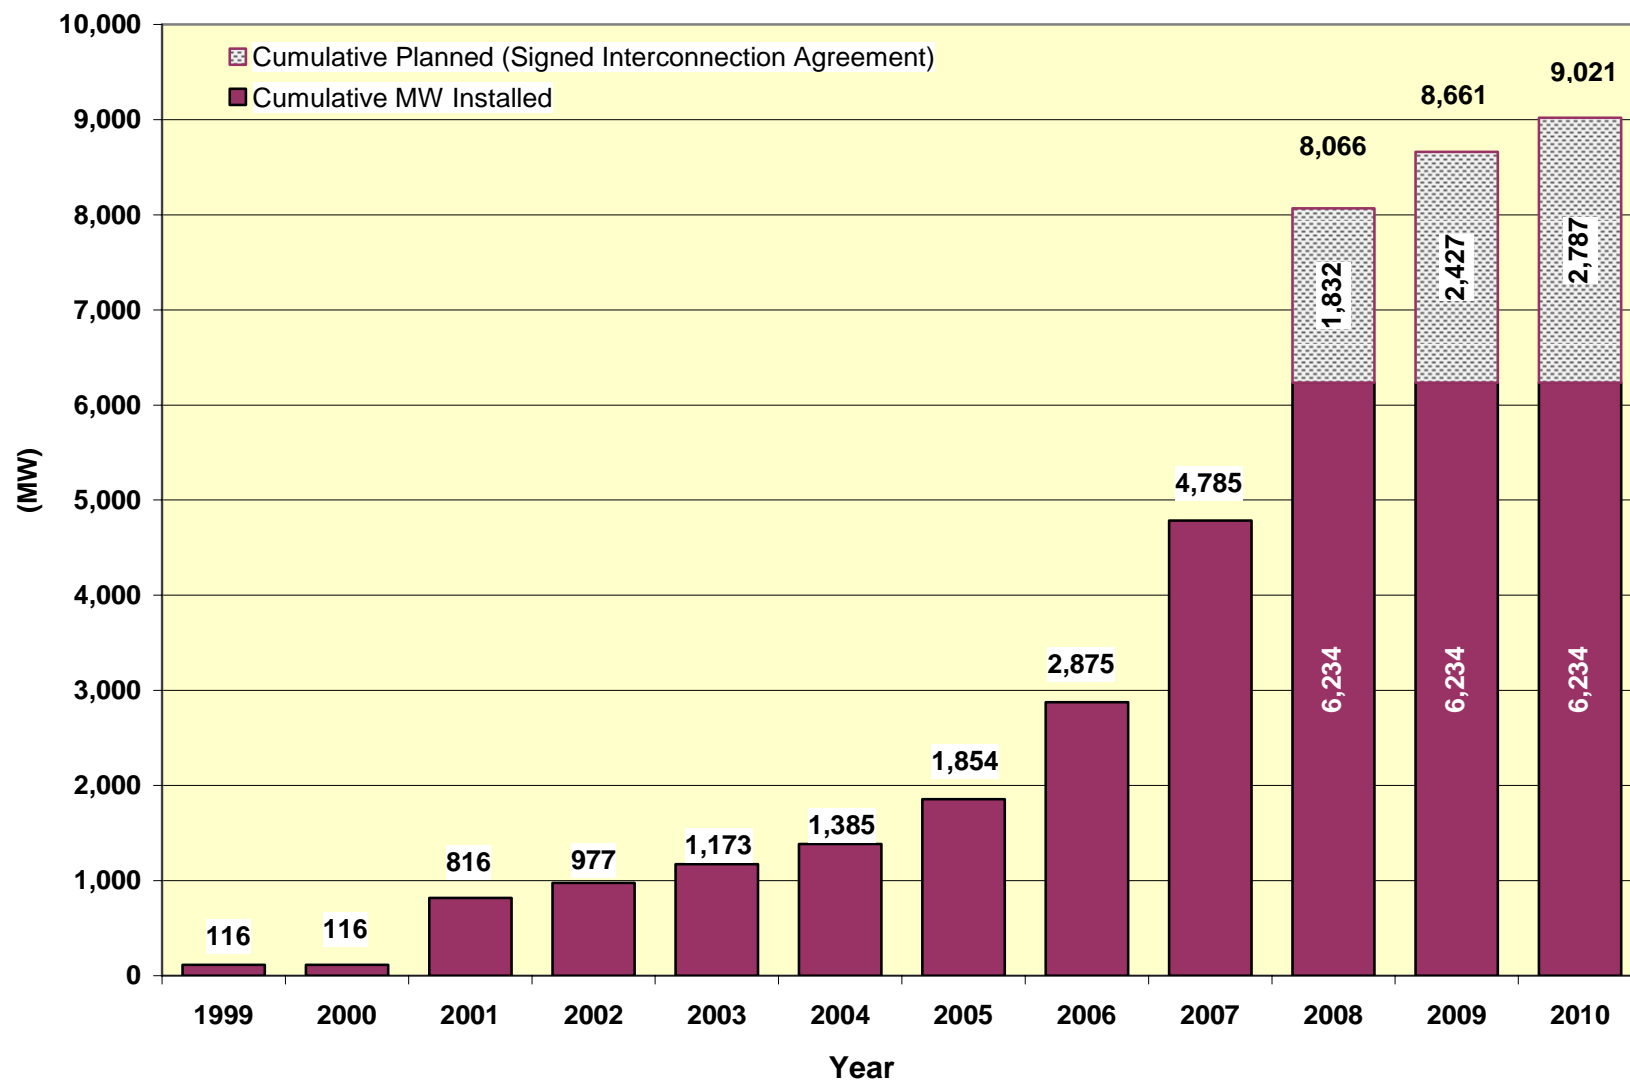

Dan Woodfin
Director, System Planning

Planning Activities - Summary

- **ERCOT is currently tracking 260 active generation interconnect requests totaling over 110,000 MW. This includes over 54,000 MW of wind generation**
- **211 MW of New Wind Generation began commercial operations, bringing total installed wind capacity to 6,234 MW**
- **Regional Planning is reviewing proposed transmission improvements with a total cost of \$471 Million**
- **Transmission Projects approved in 2008 to date total \$255 Million (no change from last month)**
- **All projects (in engineering, routing, licensing and construction) total \$3.8 Billion (no change from last month)**
- **Transmission Projects completed through July 2008 total \$375 Million (no change from last month)**
- **Several major planning reports are currently being prepared and will be issued in December: the annual Constraints and Needs report, the biennial Long-Term System Assessment and the December update of the Capacity, Demand and Reserves report**

ERCOT Wind Capacity

Wind Capacity Installed by Year

(as of October 31, 2008)
