ENTITY™**

*An Independent Division of ERCOT*

# Texas Regional Entity Standards Report

January 19, 2009

- Provision for ERCOT ISO to Participate and have a Vote in the Regional Standards Process – Standard Authorization Request (SAR) 001-TRE-002
  - Accepted at December 16, 2008 RSC meeting with ERCOT having  $\frac{1}{4}$  vote and to move forward for ballot with the RBB.
  - Ballot Pool formation closes January 15, 2009. Balloting begins January 19 through February 2. Ballot results will be presented at the February 4, 2009 RSC meeting.

# SAR-002, 003, and 004

- SAR-002 Development of Regional UFLS Program
  - Drafting team will start drafting after more is known about continent -wide effort.
- SAR-003 FERC-Ordered Variance ERCOT CPS2 Waiver
  - Drafting team presented first draft to RSC on December 16<sup>th</sup> .
  - Next meeting is February 5, 2009.
  - Goal to have draft ready for public comment in March 2009.
- SAR-004 Include Transmission Owners and Generation Owners in List of Applicability of CIP Sabotage Reporting Standard
  - RSC determined this SAR was potentially redundant and voted in October to not post at this time.
  - Plan to revise with emphasis on GOP/GO potential.

# LSE SDT for SAR-005, 006, and 007

- SAR-005, 006, and 007 – Regional variances to remove LSE applicability from MOD-017 through MOD-021 and EOP-002
  - RSC approved SARs on December 16, 2008.
  - ROS approved SDT slate on December 18, 2008.
  - Team held first meeting December 17, 2008.
  - Future meetings are scheduled for January 9, 16, 23 and 30.
  - Draft standards planned for presentation at the February 4, 2009 RSC meeting.
