

# Texas Regional Entity Standards Report

Board of Directors

June 14, 2010

---

## SAR-003 Regional Standard BAL-001-TRE *Real Power Balancing Control Performance*

---

- **Comment period on second draft closed March 13.**
- **The team met on April 14, May 10 and 11, and will meet on June 25 to work on re-drafting the standard in light of the comments received and the FERC Orders from March.**
- **The next draft will be posted for comments when it is completed.**
- **The tentative schedule anticipates posting for comment in July/August and posting for ballot in September 2010**

# Proposed SAR-008 – CIP-001-TRE-1

## *Sabotage Reporting*

---

- **This Proposed Regional Variance applies the CIP-001 - Sabotage Reporting – Requirements to TO and GO.**
  - Intended to address issues remaining after completion of the LSE Registration and TOP JRO projects until NERC standard revision is completed (NERC Project 2009-01).
- **At its May 5 meeting, the RSC approved SAR-008 and the draft regional variance to CIP-001-1 under the Urgent Standards Development Process**
  - The pre-ballot review and ballot pool formation period closed on June 4.
  - June 7-June 21 – 15-day ballot period

# Status of Active SARs

---

- **Active SARs**
