

Topaz Power Group LLC

Quick Start Task Force Meeting

March 28, 2011

Austin, Texas

Agenda

- Anti-Trust Admonition
- Verifiable Cost Manual
- Using SCED to produce LMP projections
- Real Time Co-Optimization
- Plan Future Work/Meetings
- Adjourn

QSGR in Verifiable Cost Manual

- NPRR272 revised White Paper
- Ino González

Using SCED to produce LMP Projections

- Draft NPRR
- Floyd Trefny

RT Co-Optimization

- Final Order of PUCT Docket 31540
- TNT Discussions
- 2006 Co-Optimization Task Force

Patton Direct Testimony

- Only co-optimize operating reserves and energy. Schedule regulation pre-Operating Hour.
- Enables shifting AS Awards outside RT congestion areas
- Consumers benefit from lowest cost energy/reserves
- Leverage DAM co-optimization software

Action Items

- Summarize proposal discussions
- Research RT Co-optimization
- Plan next QSTF meeting
