

| Align ROS Subcommittee Goals with the strategic vision of the ERCOT Board of Directors. | | | |
|------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|--------|
| Action Date | Activity | WORKING GROUP | STATUS |
| Mar-14 | Approved goals. | ROS | ● |
| Maintain market rules that support ERCOT system reliability consistent with PURA, PUC, and NERC standards. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| Mar-14 | NDSWG review of NOGRR034, <i>Rescind Telemetry Performance Calculation Exclusions</i> , found that no changes are needed at this time. | NDSWG | ● |
| Jun-14 | Approval of withdrawal of PGRR028, <i>Evaluation of Compliance with Reactive Requirements</i> . | PLWG | ● |
| Sep-14 | Voltage Reduction Task Force (VRTF) presented final report. Presented at September TAC as well, looking for next steps. | VRTF | ● |
| Jan-14 | Approval of NOGRR123, <i>Revisions to Misoperations Reporting Requirements</i> . | OWG | ● |
| Jan-14 | Approval of NOGRR125, <i>Minimum Notice for Coordinated Reactive Testing</i> . | OWG | ● |
| Jan-14 | Approval of PGRR033, <i>Dynamic Flat Start Cases Preparation</i> . | PLWG, DWG | ● |
| Mar-14 | Endorse NPRR593, <i>Clarification of Generic Transmission Limit Posting</i> . | ERCOT | ● |
| Apr-14 | Approval of NOGRR124, <i>Additional VRT Requirement for IRRs</i> . | OWG | ● |
| Apr-14 | Approval of NOGRR130, <i>Alignment with NPRR555 and NPRR434 with Urgent Status</i> . | OWG | ● |
| Jul-14 | Approval of NOGRR 131, <i>Clarification for Generation Resources During an EEA</i> . | OWG | ● |
| Jul-14 | Approved PGRR 036, <i>Planning Market Data Transparency</i> . Market Participants and ERCOT Staff discussed transition of data from the Planning and Operations Information website to the Market Information System (MIS), and levels of security and access. | ERCOT/PLWG | ● |
| Jul-14 | Approved PGRR038, <i>Require ERCOT to Report Circuits Loaded Above 95% of Their Facility Rating</i> . | ERCOT/PLWG | ● |
| Sep-14 | Endorsed NPRR643, <i>Clarification of MIS Postings for Outages Upon Implementation of SCR774</i> , Enhancement to Outage Scheduler and Reports. | PRS | ● |
| Sep-14 | Approved Telemetry Standards and State Estimator Standards. Approved 20 important buses. | NDSWG | ● |
| Sep-14 | Approved Urgency and RRGR004, <i>Steam Pressure Curve Information for Implementation of Regional Reliability Standard BAL-001-TRE-1</i> . | RDWG | ● |
| Oct-14 | Endorsed NPRR642, <i>Constraint Management During Energy Emergency Alerts</i> . | ROS/WMS | ● |
| Jul-14 | Established the Operations Trainers Working Group (OTWG). The OTWG scope document is pending ROS consideration. | OTWG | ● |
| Jul-14 | Directed the RDWG to submit an SCR for MP Online Data Entry – Market Requirements. | RDWG | ● |
| Sep-14 | Joint WMS / ROS meeting for NPRR642, <i>Constraint Management During Energy Emergency Alerts</i> and NOGRR135, <i>Constraint Management During Energy Emergency Alerts</i> | ROS/WMS | ● |
| Oct-14 | Approved scope for Operations Training Working Group. | OTWG | ● |
| Sep-14 | Approved RRGR003, <i>Modifications to Improve Wind Forecasting</i> . | ERCOT/RDWG/QMWG | ● |
| Sep-14 | Update from TRE. Request standing meeting at least 2x per year. | ROS | ◐ |
| Sep-14 | Update from ERCOT on Critical Infrastructure Protection changes. Request periodic updates. | ROS | ◐ |
| Oct-14 | CDR and Planning Study Model Differences - Draft whitepaper is out for comments to PLWG, ROS and WMS. | PLWG | ◐ |
| Oct-14 | Load Scaling Methodology Review - Continued the dialogue on the appropriateness of scaling loads in the planning models | PLWG | ◐ |
| Oct-14 | Tabled NOGRR132, <i>Automatic Under-Voltage and Under-Frequency Load Shedding Protection Systems – Load Restoration</i> . | OWG | ◐ |
| Oct-14 | Tabled PGRR039, <i>Generation Data for Resource Adequacy and Reliability Reporting</i> . | PLWG | ◐ |
| Oct-14 | Tabled NOGRR135, <i>Constraint Management During Energy Emergency Alerts</i> . | OWG | ◐ |

| | | | |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|--------|
| Sep-14 | ERCOT is working to improve the Operational Checklist for Resource Interconnection. | ERCOT | ◐ |
| Sep-14 | WMS formed the RUCTF at the July 9, 2014 WMS meeting. ERCOT Staff has been reviewing Forced Outages, MWs, temperatures, and wind chills, and is struggling to find correlations in broader data sets. ERCOT staff would like to take data regarding unit startup failures to OWG. | OWG/ERCOT | ◐ |
| Oct-14 | TAC requested additional information from the VRTF final report regarding implementation costs (\$/kW) and potential load impact to ERCOT. | VRTF | ○ |
| Jun-14 | Review Panhandle Planning Efforts/System Strength. | PLWG/RPG/DWG/SPWG | ○ |
| Jun-14 | Initiate protocol changes to improve black start program per results from third-party evaluation. | BSWG | ○ |
| Oct-14 | Notice to establish Planning Geomagnetic Disturbance Task Force | ERCOT | ○ |
| Implement any appropriate Resource Adequacy related market changes. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| Jul-14 | ROS directed the PLWG to develop language to include criteria in Planning Guide Section 4, Transmission Planning Criteria, to address generation deliverability in peak Load conditions. | PLWG | ◐ |
| Oct-14 | Generation Deliverability Criteria - ERCOT presented a draft criteria that would consider the economic benefit of relieving transmission constraints that limit generation deliverability. | PLWG | ◐ |
| Pursue the appropriate incorporation of load participation. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| | None. | | |
| Pursue the appropriate incorporation of emerging technologies. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| Jun-14 | Request to clean up the water rights requirements for solar and wind. | PLWG | ○ |
| Collaborate with ERCOT on the review of Ancillary Service needs and implement changes as necessary. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| Oct-14 | Endorsed several actions to be included in 2015 Ancillary Service Methodology. | ERCOT | ◐ |
| Evaluate and determine Synchrophasor requirements and address any needed changes in Protocols and Guides. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| Sep-14 | Phasor Measurement Task Force (PMTF) effort continues. | PMTF | ◐ |
| Evaluate and determine Geomagnetic Disturbance (GMD) requirements and address any needed changes in Protocols and Guides. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| Jun-14 | Approval of NOGRR129, Implement Operational Preparedness for Geomagnetic Disturbances. | GMDTF | ● |
| Assist other stakeholder forums in the implementation of the approved Operating Reserve Demand Curve (ORDC), in particular any Ancillary Service product changes necessary as a result of the ORDC. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| Jun-14 | Endorse HASL release Business Practice with expectation that future similar initiative will begin in the normal stakeholder process and included in Protocols/Guides. | ROS | ● |
| Complete the evaluation of SCR-773 and its effect on system steady state frequency control and make appropriate recommendations on its performance. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| | None. | | |
| Develop recommendations that will remove unnecessary barriers to the use of power augmentation technologies while ensuring that primary frequency response in the network is not diminished. | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| | None. | | |
| Workshops | | | |
| Action Date | Activity | WORKING GROUP | STATUS |
| Mar-14 | Workshop /Voltage Control – March 19, 2014, ERCOT Austin | ERCOT/OWG | ● |
| Mar-14 | Workshop/EEA – April 22, 2014 | ERCOT/OWG | ● |
| Mar-14 | Workshop/NPRR562, Subsynchronous Resonance – March 12, 2014 | ERCOT | ● |
| Apr-14 | Workshop/NPRR219 & Outage Scheduler Enhancements - April 28, 2014 | ERCOT | ● |
| Jun-14 | Workshop/EEA – June 19, 2014 | ERCOT/OWG | ● |
| Jun-14 | Workshop/System Strength - July 16, 2014 | DWG/SPWG | ● |
