| Date of Submission: 1/5/15 | Affected Business Process: Improve REP of Record (ROR) search criteria, used during the customer registration process | Submitter's E-Mail Address: john.schatz@txu.com |
| AMWG Issue cross-reference number: | | Market Guide or other Market Impact (Y/N): N |

Detailed Description and Reason for Proposed Change(s):

Allow keywords with and without an asterisk in the Search criteria. Currently, using an asterisk will yield results (e.g., REPX* will yield a result but REPX will not). Allowing both criteria will enhance the customer experience when choosing an ROR during the customer registration process.

NOTE: Requester must complete above fields and include a redlined example of modifications to each impacted implementation guide. This must be included at the time the request form is submitted.
