AMWG Issue cross-reference number:		Market Guide or other Market Impact (Y/N): N

Detailed Description and Reason for Proposed Change(s):

Allow keywords with and without an asterisk in the Search criteria. Currently, using an asterisk will yield results (e.g., REPX* will yield a result but REPX will not). Allowing both criteria will enhance the customer experience when choosing an ROR during the customer registration process.

NOTE: Requester must complete above fields and include a redlined example of modifications to each impacted implementation guide. This must be included at the time the request form is submitted.
