2014 Strategic Pillars

- 1. **Operational Reliability** Anticipate and communicate potential reliability issues through improved enterprise wide planning processes, probability scenario analyses and grid impact evaluations.
- 2. Flexible Market Design Work to anticipate changes in market dynamics and systems and respond effectively to changes in market rules and processes that are directed toward maintaining a highly reliable grid and open access to ERCOT markets.
- 3. Data Transparency & Access Continue to evolve ERCOT's role as a data and information gateway for electricity markets in Texas recognizing its unique role and the value created for consumers and stakeholders of relevant, quality and timely market and technical intelligence.
- 4. Committee Strategic Alignment Further evolve the stakeholder committee process to improve strategic alignment of processes and outcomes including the
