English	2-Nov-16	Hi, I'm able to see my daily meter reads till Oct 31st. But I'm not able to see Nov 1st. Any idea why is that? Thanks,
English	1-Nov-16	I can no longer see my meter. I tried to put it back in, but it says my ESI ID# is incorrect. That is the number on my latest bill, so I'm not sure how to fix that. It's xxxxxxxx and always has been. My address is xxxxx,xxx,xxx. I really need some assistance getting this back working.
English	30-Oct-16	I am now using solar power. How can I tell how much power, if any, is being sent back to the power grid? Thank you.
