English	23-Dec-16	I have been using this site since I had my new meter. Here recently, I am not able to pull up my On Demand Read. It goes through the motions, and when I click "here" after waiting an appropriate amount of time, the information comes up blank. It hasn't worked in about two weeks now. Any feedback ?
English	20-Dec-16	My usage has tripled and there is no reason. I was the only person using electricity during November. My last bill was \$75.00, now it is going to be \$220.00 There may be something wrong with my meter. I have not used this much electricity. Even with the bitter cold weather- I have kept my furnace on 70 degrees.
English	16-Dec-16	Is there an app for a smartphone available?
