English	24-Feb-17	I wonder why I cannot see the reading of the solar power I sell the grid? The meter reads it, but your software makes no provision to pull reports of sold energy. Please advise.
English	21-Feb-17	A REST API would be helpful for retrieving Usage data. Is there an implementation of the REST API in the works?
English	20-Feb-17	unable to set up auth code for first time logging in. since no auth code shows, unable to change it, I guess no specs on what makes a valid auth code, just says letters and numbers, no length.
