**Subject:** M-A071917-01 CRR MUI upgrade  
**Date:** Wednesday, July 19, 2017 11:13:56 AM

---

**NOTICE DATE:** July 19, 2017

**NOTICE TYPE:** M-A071917-01 CRR

**SHORT DESCRIPTION:** CRR MUI upgrade

**INTENDED AUDIENCE:** CRR Account Holders and Counter-Parties

**DAYS AFFECTED:** September 18 – December 8, 2017, and January 22, 2018

**LONG DESCRIPTION:** The Congestion Revenue Right (CRR) Market User Interface (MUI) will be upgraded on January 22, 2018, to be compatible with the latest web browsers and to remove Java applets and the Java Runtime Environment (JRE) requirement.

Prior to the implementation of the upgraded MUI, ERCOT will conduct a requalification of all registered CRR Account Holders and their Counter-Parties to ensure that they can use the new MUI to perform auction activities. The requalification will be very similar to the current qualification test for new CRR Account Holders, and passing the test will be required to participate in any CRR auctions taking place after the upgrade is implemented. The requalification period is scheduled for September 18 – December 8, 2017. MUI training materials will be posted to the CRR webpage prior to the requalification period, and ERCOT will hold multiple WebEx sessions to demonstrate the new interface. More training details will be provided in a future Market Notice.

The requalification test will be performed in the Market Operations Test Environment (MOTE), which will require each CRR Account Holder and their Counter-Party to have an active MOTÉ digital certificate. An active digital certificate for the current MOTÉ CRR application will also be valid for the new MUI in MOTÉ.

**ACTION REQUIRED:** Please confirm access to MOTÉ (<https://testing.ercot.com/>) with a valid digital certificate prior to the start of the requalification period. If needed, registered User Security Administrators (USAs) can request digital certificates via email to [mpimdigitalcertadmin@ercot.com](mailto:mpimdigitalcertadmin@ercot.com).

**ADDITIONAL INFORMATION:** A new list of Frequently Asked Questions (FAQs) related to the CRR MUI upgrade, [CRR Market User Interface Upgrade FAQ](#), can be found on the CRR webpage at <http://www.ercot.com/mktinfo/crr>. ERCOT will provide project updates at each Congestion Management Working Group (CMWG) meeting leading up to the implementation date.

**CONTACT:** If you have any questions, please contact your ERCOT Account

Manager. You may also call the general ERCOT Client Services phone number at (512) 248-3900 or contact ERCOT Client Services via email at [ClientServices@ercot.com](mailto:ClientServices@ercot.com).
