

GINR Project

New process to handle INR submittals

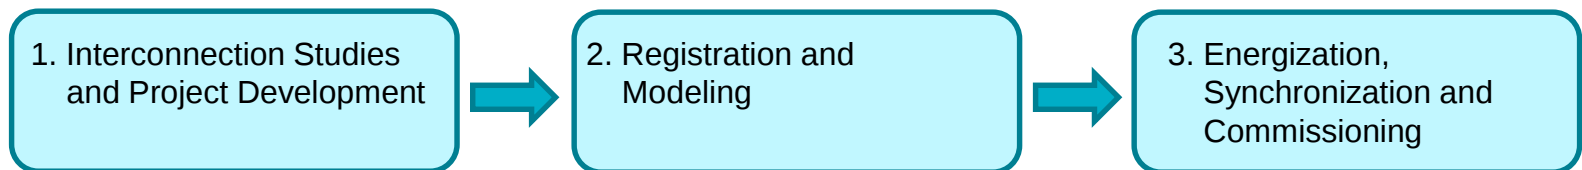

Martha Siebold
User Experience Specialist

Dana O'Neal
Project Manager

ERCOT Public
August 30, 2017

GINR Project

- New web-based application available to Interconnecting Entities and registered entities (RE, TSP) to
 - Submit and pay for the INR application
 - Submit and pay for the FIS request
 - Track the generation interconnection process through all three stages

**** Project Demo ****

GINR Project – Registration Email Validation

ERCOT Registration

Enter your email

Submit

To Register for an ERCOT, non market sytems, is as easy as 1-2-3

- 1. Email Address** Provide a current email that you will always be associated with this account.
- 2. Submit to ERCOT** Click the submit button and we will send you an email with a link
- 3. From the Email** You can click on the link, in the email, to begin registration

GINR Project – Registration Email Confirm

ERCOT Registration

Thanks, we will send you an email in the next few minutes with instructions!

I didn't get an email

- Check your spam in your email account
- Try again [ERCOT Registration Non Market Systems](#)
- If all else fails you can call our ERCOT help desk at (512) 248-6800

Subject: Your Registration Email Verification.

***** EXTERNAL email. Please be cautious and evaluate before you click on links, open attachments, or provide credentials. *****

*****This is an automated email. Please do not reply. The e-mail box is not attended.*****

Dear First Name Last Name,

To verify your email and Register for the application GINR Generation Interconnection Request, click on the link below and begin registration.

<https://ercot.com/tobedetermined/GINR>

Thank you,
ERCOT Registration Administrator

GINR Project – Registration Form

ERCOT Registration

Now let's work on getting you registered!

First Name *(Required)*

Last Name *(Required)*

Phone Number *(Required)*

Select the application(s) you want to register for: *(One Required)*

Select Application

GINR - Generation Interconnect Request Process

App II

App III

Employee ID: REG100100

Keep track of your employee ID, you will need it in your next steps of registration

- snap a picture
- or write it down on a sticky
- or copy paste it someplace you will remember

Submit Registration

GINR Project – Registration Confirm

ERCOT Registration

Your Registration is on the way to ERCOT!

This is what is going to happen Next

1. ERCOT USA

The ERCOT USA will review your request shortly.

- ERCOT USA's are available from 9 to 5 Monday through Friday business and non-holidays only
- Our goal is to get you access to your requested system quickly
 - USA's review registration request daily.
 - USA's review most often happen 1 to 2 hours after submission
- If all else fails you can call our ERCOT help desk at (512) 248-6800

2. Emails for Certific...

After your USA review, you will receive two emails to install a digital certificate to gain access to your requested system

- One email contains a password for the digital certificate
- The other will provide a link and instructions on how to pick up and install the digital certificate

3. Reminder

Did you remember to write down your Employee ID? just in case here it is again!

Employee ID: REG100100

GINR Project – Emails Examples

Dear Joe Shmoe,

Your ERCOT Digital Certificate has been requested.

To install your digital certificate, please copy the link below in a new browser session:

(DO NOT CLICK THE LINK)

<https://mistest.ercot.com:8443/edcws/form/edcUserEnroll>

For ERCOT Technical Support (connectivity), please contact the Help Desk (512 248-6800), email helpdesk@ercot.com

Thank you,
MPIM Administrator

Project Dates - what are the target dates for your project

Commercial Operation Date *(Required)*

Synchronization Date

Energization Date

Commercial Operation Date is the date you

1. expect that construction and trial operation of your Resource will be completed
2. and when your Resource is expected to complete the Resource interconnection process
3. and you are approved for participation in ERCOT market operations.

If an exact date is not known, enter the last day of the month in which the Commercial Operation Date is expected.

Generation Entity Information Sheet

Please Review Carefully - you must digitally sign and submit with your request

Transmission Customer (Generating Entity):	Macatawa Park
Contact Person:	Cathey deVelder
Company:	Holland
Company Internal Mail Codes(s):	Cathey@mackpark.com
Telephone Number:	+1 5127169532
Requested Transmission Energization Date	3/14/2020

Macatawa Park is, or will be upon commencement of service, an eligible customer. An eligible customer is any of the following: the transmission provider (for all uses of its transmission system) and any electric utility, federal power marketing agency, exempt wholesale generator, qualifying facility, or power marketer. An eligible customer may designate an agent to represent it in arranging for interconnection.

Accurate/appropriate information and test data about generator step-up transformers, all generator data including data for stability studies (transient, voltage, etc.) and sub-synchronous resonance data will be provided to ERCOT and interconnected TSP before the generation goes into commercial operation. I understand that all of this data will become public and added to the ERCOT databases (including power flow base cases, stability, system protection, Capacity, Demand, and Reserve Report, etc) when an interconnection agreement is signed. This data shall be reviewed and updated when the plant goes into commercial operation. In addition, any updates to this information will be provided within 60 days to ERCOT and the TSP as changes or upgrades are made during the life of the plant. This requirement also applies to all future owners of this project/plant.

The generating entity and any future owners of the plant agree to comply with these data requirements along with all applicable ERCOT and NERC requirements, including, without limitation, those contained in the ERCOT Protocols and ERCOT Operating Guides. It is understood and agreed that such requirements are subject to change from time to time, and such changes shall automatically become applicable based upon the effective date of the approved change.

By typing your full name and date below you are digitally signing and agree to the information presented in this document

Declaration of Department of Defense Notification

Please Review Carefully - you must digitally sign and submit with your change request

Interconnecting Entity (IE):

MY IE Name

This declaration applies to the following proposed Generation Resource and Interconnection Request

INR123456789

Check the below listed attestation(s) which apply to the Generation Resource.
I hereby attest that:

- ☒ This IE has notified the Department of Defense (DOD) Siting Clearinghouse of the above listed proposed Generation Resource and requested that it perform an Informal Review and/or Formal Review as described in 32 C.F.R. § 211.1 (2013).
- ☐ This IE has completed the formal review process for the Generation Resource with the Department of Defense (DOD) Siting Clearinghouse and Federal Aviation Administration (FAA), as described in 14 C.F.R. § 77.7 (2010) and 32 C.F.R. § 211.6 (2013); or
- ☐ The above listed proposed Generation Resource is exempt from the requirement to seek review from the Department of Defense (DOD) and the Federal Aviation Administration (FAA), as described in 14 C.F.R. § 77.7 (2010) and 32 C.F.R. § 211.6 (2013).

By signing below, I certify that I am an officer, executive, or authorized employee with authority to bind the IE listed above, that I am authorized to execute and submit this declaration on behalf of each IE listed above, and that, to the best of my knowledge, the statements contained herein are true and correct.
