Re: Item 4 – Review of 401(k) Savings Plan Audit Report

HR&G Committee Charter Requirement to Review the 401(k) Savings Plan Audit Report

Section 1.b.(2) of the Duties and Responsibilities of the HR&G Committee Charter requires that the Committee review the 401(k) Savings Plan audit report annually without the need for recommendation to the Board of Directors (Board). It further provides and clarifies that “[r]ecommendation for acceptance of the 401(k) Savings Plan audit report to the Board will be made by the Finance and Audit (F&A) Committee, not the HR&G Committee.”

F&A Committee Consideration of Recommendation of Acceptance of the 401(k) Savings Plan Audit Report

The proposed final audit report for the ERCOT 401(k) Savings Plan, as of December 31, 2017, as prepared by Maxwell, Locke & Ritter, LLP, is expected to be presented to the F&A Committee at its August 6, 2018 Committee meeting. The proposed report reflects no findings indicating material issues with the administration of the 401(k) Savings Plan.

For timely Form 5500 filing, at its August 6, 2018 meeting, the F&A Committee is expected to consider recommending acceptance of the 401(k) Savings Plan audit report to the Board. The Board is expected to hear the F&A Committee’s recommendation on this matter as part of the F&A Committee Report at the August 7, 2018 Board meeting.

The Board decision template for this matter is attached for your convenience.

Subject: Acceptance of ERCOT's 401(k) Savings Plan Audit Report

Issue for the ERCOT Board of Directors

ERCOT Board of Directors Meeting Date: August 7, 2018

Item No.: 10.1

Issue:

Acceptance of the audited financial statements of Electric Reliability Council of Texas, Inc.'s (ERCOT's) 401(k) Savings Plan (401(k) Plan), as of December 31, 2017.

Background/History:

ERCOT maintains a 401(k) retirement savings plan for its employees, qualified under the Employee Retirement Income Security Act (ERISA). Pursuant to ERISA, plan sponsors must annually file Form 5500 with the U.S. Department of Labor. The required filing must include the Plan's audited financial statements.

On October 13, 2015, the Board approved an extension of services with Maxwell Locke & Ritter LLP (MLR) to provide 401(k) Plan audit services for calendar years 2015, 2016 and 2017, subject to the annual approval of the Board for 2016 and 2017. Based on this approval, ERCOT engaged MLR to provide 401(k) Plan audit services for the calendar year ending December 31, 2017.

It is expected that on August 6, 2018, representatives of MLR will meet with the F&A Committee to discuss the proposed final audit report for the ERCOT 401(k) Plan, as of December 31, 2017.

The F&A Committee is expected to recommend that the Board accept the 2017 audited financial statements for the ERCOT 401(k) Plan, as of December 31, 2017, as prepared by MLR, during its meeting.

A draft of the final audit report for the ERCOT 401(k) Plan, as of December 31, 2017, prepared by MLR, and submitted for the Board's acceptance, is attached hereto as **Exhibit A.**

Key Factors Influencing Issue:

- The ERISA reporting requirements and filing requirements for the annual Form 5500 for ERCOT's 401(k) Plan. The 401(k) Plan's books and records must be audited by an independent auditor, and a copy of the audit report supplied with Form 5500. The 2017 filing is due no later than October 15, 2018;
- The draft report attached hereto reflects no findings indicating material issues with the administration of the 401(k) Plan, and the expectation that the F&A Committee

will recommend approval of same; and

- The expectation that MLR will issue a final opinion consistent with the draft version attached hereto as **Exhibit A**.

Conclusion/Recommendation:

The F&A Committee is expected to review the final audited statements for ERCOT's 401(k) Plan prepared by MLR, as of December 31, 2017, at its meeting on August 6, 2018, and is expected to recommend that the Board accept the audited financial statements of ERCOT's 401(k) Plan, as of December 31, 2017, as presented in draft form by MLR, attached hereto as **Exhibit A**.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ELECTRIC RELIABILITY COUNCIL OF TEXAS 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

1. DESCRIPTION OF PLAN

The following brief description of Electric Reliability Council of Texas 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General - The Plan is a defined contribution plan covering substantially all employees of Electric Reliability Council of Texas ("ERCOT"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Fidelity Management Trust Company (the "Trustee"). ERCOT acts as the administrator of the Plan.

Eligibility - Employees are eligible to participate in the Plan immediately upon their date of employment. Leased employees and residents of Puerto Rico are not eligible to participate in the Plan.

Contributions - Eligible employees have the option to contribute either pre-tax or Roth 401(k) contributions. A participant's contribution may not exceed 99% of his or her eligible compensation, not to exceed the annual limit established by the Internal Revenue Code ("IRC"). Newly eligible employees are automatically enrolled in the Plan with a pre-tax deferral percentage of 3% after thirty days of employment, unless an employee elects otherwise. The automatic deferral contributions increase annually by 1%, not to exceed 6%, of defined compensation. A participant's pre-tax and Roth 401(k) contributions are separately accounted for, as are the gains and losses attributable to each. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

ERCOT elected to make a discretionary employer matching contribution of 75% of the first 6% of contributed compensation. Additionally, ERCOT makes a fixed non-elective employer contribution of 10% of each participant's defined compensation. For the year ended December 31, 2017, ERCOT made employer matching and fixed non-elective contributions to the Plan totaling \$11,736,248, excluding forfeitures.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions, ERCOT's contributions and an allocation of Plan earnings, and may be charged with Plan expenses, if applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum of 1) \$50,000 reduced by the excess, if any, of i) the highest outstanding note receivable balance over the prior twelve month period, over ii) the outstanding note receivable balance on the date the new note receivable is made or 2) 50% of their vested account balance, whichever is less. Participant notes receivable are secured by the balance in the participant's account and bear interest at a reasonable interest rate as determined by ERCOT. Participants may have up to two notes receivable outstanding at a time. Notes receivable repayments are automatically deducted through after-tax payroll deductions over a period generally not to exceed five years.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in ERCOT's matching contributions is based on years of continuous service over five years, which increases in 20% increments beginning after one year of continuous service. The fixed non-elective employer contributions are 100% vested after three years of continuous service. Participants may also become fully vested at retirement age or upon termination of employment due to disability or death.

Payment of Benefits - Upon age 59.5, death, disability, retirement, or termination of employment, a participant may elect to purchase an annuity or receive the vested benefit in substantially equal installments or a lump sum. The Plan administrator may distribute terminated participants' account balances that are less than \$1,000 in a lump sum without the participants' consent. The Plan administrator may transfer terminated participants' account balances that are at least \$1,000 but less than \$5,000 into an individual retirement account without the participants' consent. In-service distributions of rollover balances may be made with no restrictions. Hardship distributions will result in a six-month suspension during which no contributions may be made to the participant's account.

Forfeitures - Forfeitures by participants of unvested ERCOT contributions are used to reduce employer contributions. The forfeiture balance was \$141,929 and \$242,041 at December 31, 2017 and 2016, respectively. Forfeitures totaling \$658,827 were utilized to reduce ERCOT's contributions for the year ended December 31, 2017.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are reported on the accrual basis of accounting.

Accounting Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants - Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded at December 31, 2017 or 2016. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by ERCOT and are excluded from the financial statements. Recordkeeping fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

ERCOT participates in a revenue sharing agreement with the Trustee and the related Plan earnings are deposited in an unallocated funds account. Unallocated funds may be used to pay administrative expenses or ERCOT may elect to allocate the funds to the Plan's participants. During the year ended December 31, 2017, ERCOT used \$33,237 from the unallocated funds account to pay certain recordkeeping fees incurred by the Plan. The balance in the unallocated funds account totaled \$175,798 and \$139,856 at December 31, 2017 and 2016, respectively.

Risks and Uncertainties - Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination - Although it has not expressed any intent to do so, ERCOT has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Subsequent Events - ERCOT has evaluated subsequent events through July xx, 2018, the date the financial statements were available to be issued, and no events have occurred through that date that would impact the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The self-directed brokerage account is comprised of mutual funds.

Stable value collective trust fund: This investment is a stable value fund that only invests in units of Wells Fargo Stable Return Fund G, which is a collective trust fund that invests in investment contracts and security-backed contracts. The Plan's investment is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12 month notice prior to distribution.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Mutual funds	\$ 207,088,357	\$ -	\$ -	\$ 207,088,357

Investments measured at net asset value				<u>20,328,006</u>
Investments at fair value				<u>\$ 232,930,897</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Mutual funds	\$ 164,067,666	\$ -	\$ -	\$ 164,067,666

Investments measured at net asset value				<u>19,261,755</u>
Investments at fair value				<u>\$ 187,091,942</u>

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016.

	<u>Fair Value at December 31, 2017</u>	<u>Fair Value at December 31, 2016</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Participant Redemption Notice Period</u>

4. INFORMATION CERTIFIED BY THE TRUSTEE

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2017 and 2016, and the related investment gain and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

5. TAX STATUS

ERCOT has not applied for a determination letter from the Internal Revenue Service (“IRS”) to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from Fidelity Management and Research Company which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. ERCOT’s Retirement Plan Committee and Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds that are managed by the Trustee or its affiliates. Additionally, there are self-directed brokerage accounts whose services are provided by an affiliate of the Trustee. The Plan paid both direct and indirect fees to the Trustee for investment management services and ERCOT also has a revenue sharing agreement with the Trustee. ERCOT may pay directly certain other fees related to the Plan’s operations. Transactions such as these qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.
