

NDSWG Report to ROS

September 2020

NDSWG last met on August 18, 2020 (Webex)

29 callers on Webex

Discussion/Review Items:

Relay Loadability Ratings

- Current completion rate of 94.8% for TDSPs
- Additional changes will need to be submitted via NOMCR
- ERCOT has sent out spreadsheets to verify completion

Updates on Contingency Process

- New Standard Contingency List is being worked on
- When contingency CAMR is submitted, ERCOT verifies if equipment is up to date, contact for additional guidance

New DPC Request Form

- New form to be attached to all DPC submissions in NMMS

Future NDSWG meeting: September 15, 2020 (Webex)
