

NDSWG Report to ROS December 2020

NDSWG last met on November 17, 2020 (Webex)

Discussion/Review Items:

Chronic Congestion Notification

- Presentation on Chronic Congestion – please see Nodal Protocols 3.20
- ERCOT will contact market participants monthly to verify ratings/impedances of equipment with chronic congestion, goal is to start by end of November
- ERCOT currently drafting NPRR, will provide more details when available

Updates on Contingency Workshop

- To discuss procedures and issues related to contingencies
- TSP-only meeting on January 26, 2021
- Agenda sent to NDSWG members, 3 TSPs to present
- Please contact ERCOT by 12/04/20, if presenting

Future NDSWG meeting: December 15, 2020 (Webex)
