

ERCOT GTC Updates

Transmission Operations Planning

ROS Meeting
9/2/2021

Recent GTC Update Summary

- Panhandle GTC Update
 - Based on 2021 Q3 QSA
 - The update is for a new generation resource in nearby Panhandle
 - The GTC interface remains unchanged
 - The GTL update
 - Unlimited GTL (GTL = 9999) for no prior outage (same as previous)
 - The GTL changes are related to some prior outage conditions. The changes are mostly within 10%.
