

NDSWG Report to ROS

October 2021

Chair: J-M Yatar, Vice-Chair: Kenesha King

NDSWG last met on September 21, 2021 (Webex)

Discussion/Review Items:

Upcoming NMMS Projects

- Tech Health Project (2022) to update hardware, database
- Schema Upgrade (2023) to convert CIM10 to CIM16

TDSP Modeling of DGR

- After DGR moratorium is lifted, new modeling guidelines
 - REs to submit request for registering/updating
 - TDSPs to provide EPS meter info
 - ERCOT to model DGRs
- Plan to convert currently modeled DGRs
- Next DGR Workshop XII scheduled on 10/14/21

ERCOT RARF Phase Out/RIOO Application

- RARF info in MIS to be phased out, only in RIOO-RS
- All updates to be submitted in RIOO-RS starting 11/13
- If help is needed, contact RIOO-HELP@ercot.com

Future NDSWG meeting: October 19, 2021 (Webex)
