

Managing Your INR as an IE/RE in RIOO Interconnection Services

Version 12.31.21

ERCOT RIOO Interconnection Services Release Notes

December 17, 2021

ERCOT has released a new version of Resource Integration and Ongoing Operations - Interconnection Services (RIOO - IS) that enables companies to propose a new electricity generation resource to interconnect to the Texas power grid.

Representing a company, an Interconnecting Entity (IE) or Resource Entity (RE) uses the RIOO - IS app to create and manage a generation interconnection request (INR) online. The ERCOT Integration Team reviews the information submitted in the INR and conducts studies, along with the Transmission or Distribution Service Provider who owns the power lines in the area, to understand the effect the resource may have on the grid and determine the economic feasibility of the project.

About This Guide

This guide provides information and instructions for performing the tasks online in RIOO - IS to manage an INR project submitted by an IE/RE, including attaching documents, adding change requests, and deleting or cancelling the INR project.

For information about changing your phone number or multifactor authentication method selected during signup, refer to *Managing Your RIOO Services User Account*.

Updates in this Guide

This guide was created from the former *RIOO Interconnection Services IE User Guide* and includes the following updates:

- The process for selling your INR project to another IE or RE has been updated/
- Sections about viewing your RIOO - IS account settings and changing your password as well as changing your multifactor login app have been moved to *Managing Your RIOO Services User Account* (available from the *Resource Integration* page on the ercot.com website).

Supporting Documentation

Other RIOO – IS user documentation for IEs and REs available from the *Resource Integration* page of the ercot.com website includes:

- *Signing Up for an IE RIOO Services User Account*
- *Signing Up for an RE RIOO Services User Account*
- *Managing Your RIOO Services User Account*
- *Creating an INR for a Generation Resource Under 10MW*
- *Creating an INR for a Generation Resource Over 10MW*

 Documentation is also available for TSPs/DSPs on the *Resource Integration* page of the ERCOT website (ercot.com).

Also available on the *Resource Integration* page, the *Interconnection Handbook* contains conceptual information about modeling your resource and the energization and synchronization process that occurs after your INR has been accepted

Managing Your INR

Managing your INR involves corresponding with ERCOT about any questions or revisions they have and updating information in your INR, including make changes to the project name, megawatt output, and milestone dates for interconnecting to the grid as well as attaching documents, adding permits, and confirming the fulfillment of Nodal Protocol requirements.

You submit changes using change requests. The ERCOT planning and integration team and the transmission or distribution service provider assigned to your INR project review your change requests and accept the change or offer comments.

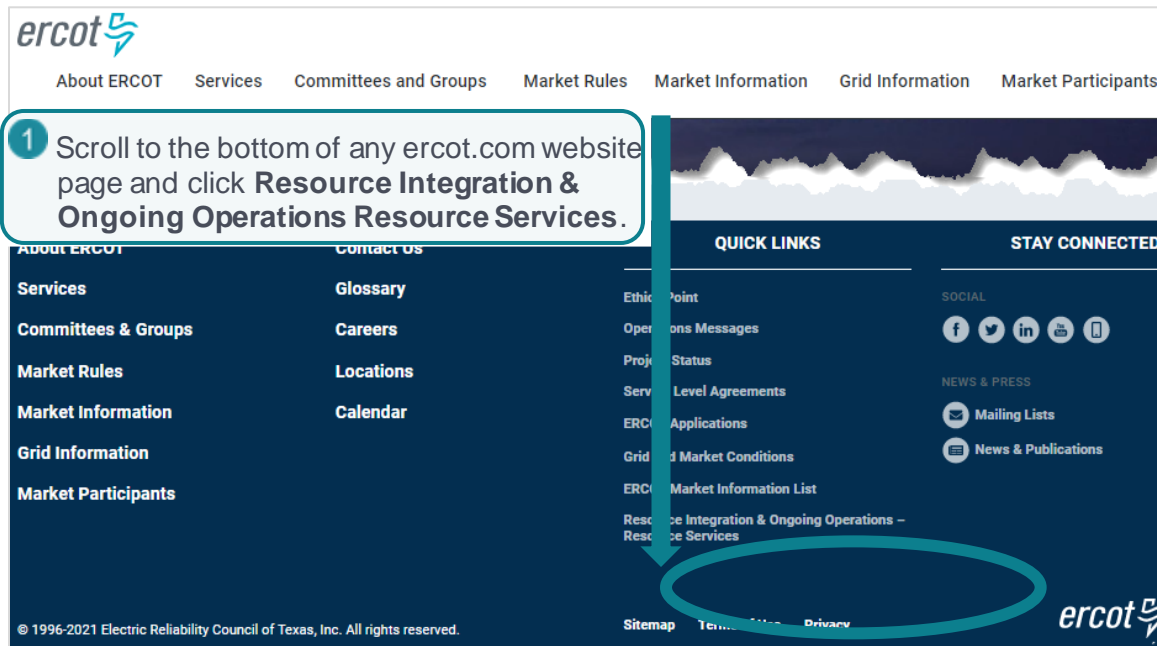

If you are an IE, you can also manage your project contacts to add new backups who can work on the INR with you or contacts who can view the INR to offer suggestions to you, delete contacts, and manage their email address information.

Managing an INR project may also involve selling the project to another IE or RE. You can also delete an INR before submitting it or cancel a submitted INR.

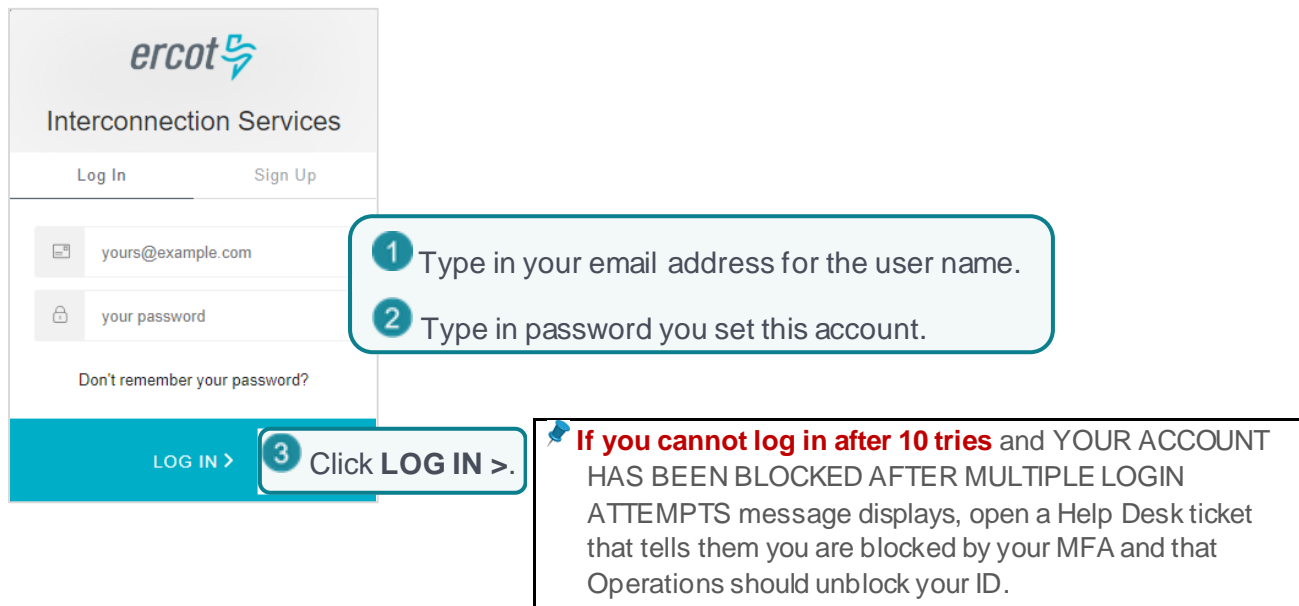

Accessing RIOO - IS

After clicking the **Resource Integration & Ongoing Operations** link (in the Quick Links section) at the bottom of any ercot.com website page, you must log in to your RIOO - IS account and select the **Interconnection Services** option, which displays your Interconnection Request List dashboard.

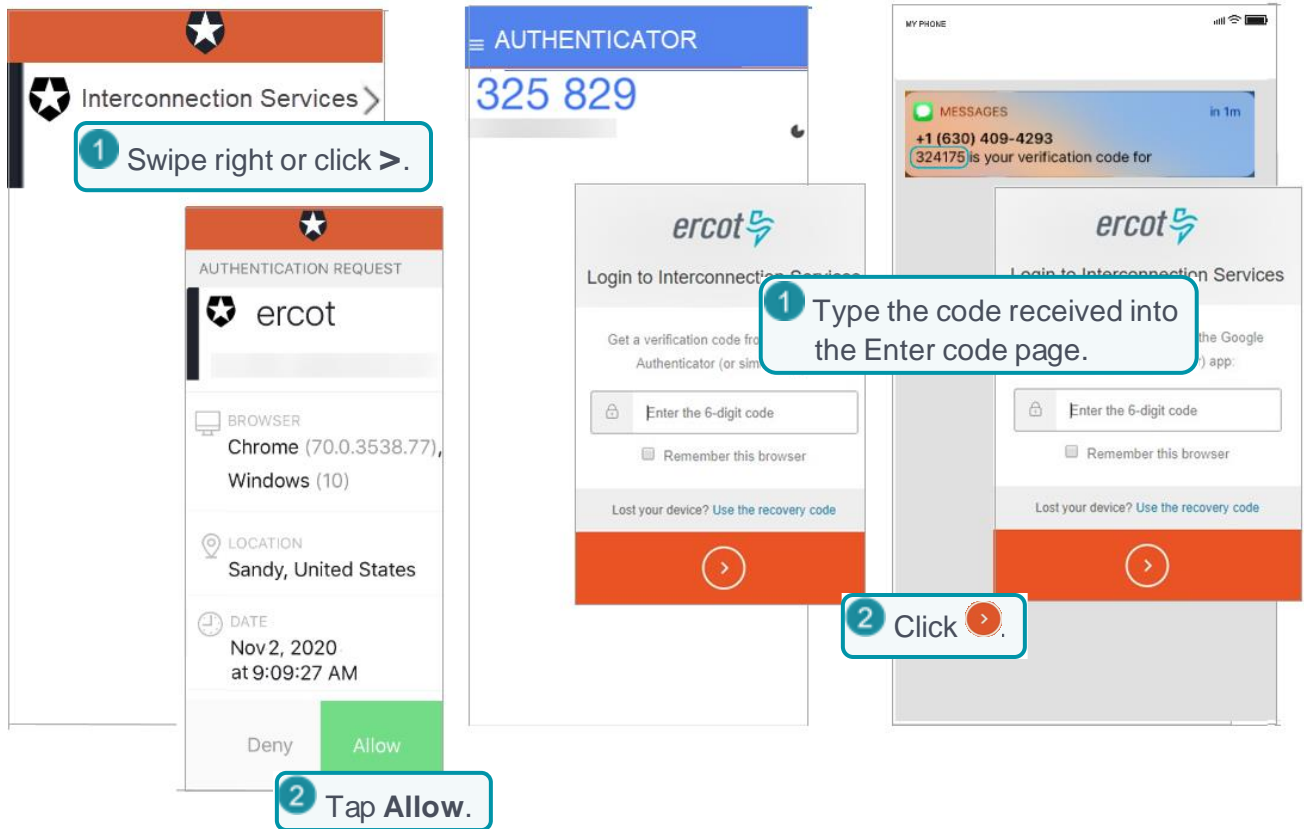

Access the RIOO App from the ERCOT Website

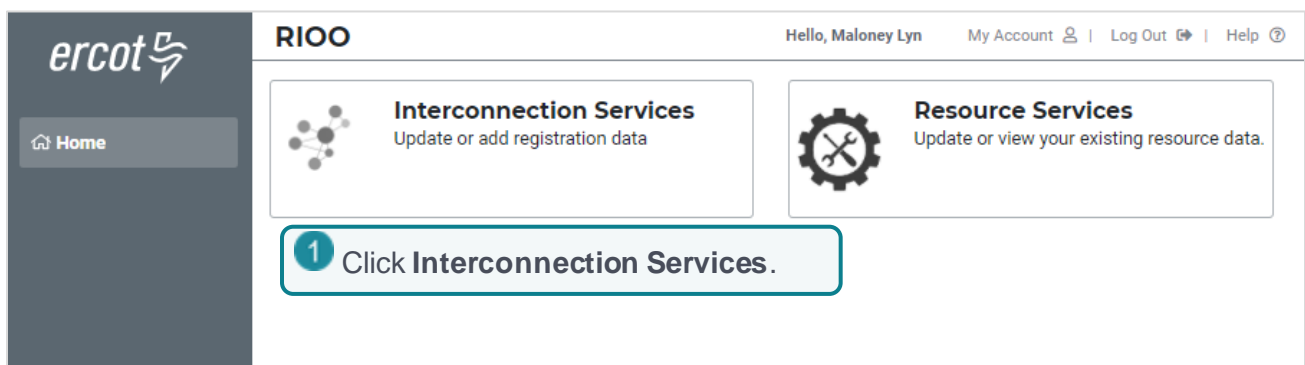

Log Into Your RIOO-IS Account

Verify Your Login On Your Smart Phone

Select Interconnection Services

Corresponding with ERCOT About Your INR

After receiving your submitted INR and payment, ERCOT has 10 days to review the INR to be sure all fields are complete and contain the required information. If any questions or issues arise, ERCOT sends you an email about needing input and places the UD (Update) alert in your Interconnection Request List along with the Update INR button to respond.

 To modify details or add new information from this point forward, you must submit change requests to the INR. For more information about change requests, refer to page 8.

To stop ERCOT from processing your request at this point, you can cancel the INR from the View Interconnection Request Page. If you have not submitted the INR yet, you can delete it (refer to *Deleting an Unfinished INR* on page 61).

Understanding the Change Request Process

To update information in your INR, you must add a change request to the original INR in your Interconnection Requests List. The types of changes are grouped in three main categories.

When you select one of the 3 main category buttons, a green checkmark displays to confirm your selection and the page expands to display the options available in that category. You can select as many choices under an category as you need. Each selection is confirmed with a checkmark. Select:

- **Update My INR** to:
 - Modify the project details (project name, MWs, Energization, Synchronization, Commercial Operations dates)
 - Upload and attach new documents to this INR
 - Add air or greenhouse gas permits and the adequate water declaration
- **Add Confirmations** to electronically sign and confirm that your resource has met various required Nodal Protocol requirements (as outlined in your Planning Guide).
- **Other Changes** to sell your project

The change request navigation guides you through each process by displaying web pages with information you must complete and a review page that displays with any areas needing updates before you can submit your change request.

If you start a change request but leave it to answer questions or find materials, the system saves it and you can finish it later.

The screenshot shows the 'Your Interconnection Requests' page. At the top, there is a navigation bar with the ERCOT logo, the text 'Your Interconnection Requests', and user information: 'Hello, Maloney Lyn', 'My Account', and 'Log Out'. Below the navigation bar, there are tabs for 'Home' and 'Interconnection'. The main content area is titled 'Interconnection Request List' and includes a 'Start New INR Request' button. There is a search bar with the placeholder 'Enter term to find...' and a 'Reset All' button. Below the search bar, it says 'Show 10 entries' and 'Showing 1 of 1 entries'. A table with the following columns is displayed: Alert, Actions, INR Number, Project Name, Primary Name, Company, % in Process, Status, and Last Updated. The table contains one row with the following data: Alert (empty), Actions (View, Finish Change Request), INR Number (21INR0564), Project Name (SOLAR 2), Primary Name (Xxxx.Xxxx), Company (Energy Company), % in Process (0), Status (Saved), and Last Updated (12-02-2021). At the bottom of the table, there are pagination controls: First, Previous, 1, Next, Last.

If ERCOT has questions about your change request, the  (comment bubble) displays in the Alerts column of your Interconnection Request List along with the **Respond to ERCOT** button.

You can click the **Respond to ERCOT** button to read the revision and further instructions.

ERCOT has revised your change request!

ERCOT has reviewed your change request and revised following items:

1. You can Agree with the revisions from ERCOT
2. Or you can Cancel the changes displayed below and they will not be applied to your INR

*Changes accepted by ERCOT will be automatically applied to your INR when you accept or cancel this INR

INR Current	Your Changes Requested	ERCOT Revisions

You can click I agree with the above changes to accept the changes into your INR. Or, if you want additional feedback or want to respond to the suggested changes, click the **Cancel above changes** button and the requested change will not be added to your INR.

Attaching Documents to the INR

When you created your INR, you were required to upload certain documents. You can upload modified versions of the documents plus any other documents required for your project.

Add a Change Request from the Interconnection Requests List Page

The screenshot shows the 'Your Interconnection Requests' page. At the top, there is a navigation bar with the ERCOT logo, the text 'Your Interconnection Requests', and user information: 'Hello, Maloney Lyn', 'My Account', and 'Log Out'. Below the navigation bar are links for 'Home' and 'Interconnection'. The main content area is titled 'Interconnection Request List' and includes a 'Start New INR Request' button. A search bar is present with the text 'Search: Enter term to find...' and a 'Reset All' button. Below the search bar, it says 'Showing 1 of 1 entries'. A table lists the request details:

Alert	Actions	INR Number	Project Name	Primary Name	Company	% in Process	Status	Last Updated
	View Add Change Request	21INR0564	SOLAR 2	Xxxx.Xxxxx	Energy Company	<div style="width: 25%;"></div>	In progress	12-02-2021

A callout box with a blue border and a '1' in a circle points to the 'Add Change Request' button in the Actions column. The text inside the callout box reads: 'From the Actions column, click Add Change Request.' At the bottom right of the table, there are pagination controls: 'First', 'Previous', '1', 'Next', and 'Last'.

Select the Type of Change Request

The screenshot shows the 'Add a Change Request to My INR 21INR0564' page. At the top, there is a navigation bar with the ERCOT logo, the text 'Change Request for 21INR0564', and user information: 'Hello, [redacted]', 'My Account', and 'Log Out'. The main content area is titled 'Add a Change Request to My INR 21INR0564'. Below the title, it says 'Select one option:'. There are three buttons: 'Update my INR' (with a green checkmark icon), 'Other Changes' (with a star icon), and 'Add GHG Permit' (with a calendar icon). A callout box with a blue border and a '1' in a circle points to the 'Update my INR' button. The text inside the callout box reads: 'Click Update My INR.'. Below this, it says 'Select all that apply to your INR update:'. There are six buttons: 'Change my Project Name' (with an 'A' icon), 'Change my MW's' (with a lightbulb icon), 'Change my Dates' (with a calendar icon), 'Attach New Documents' (with a green checkmark icon), 'Add GHG Permit' (with a calendar icon), and 'Make an Attestation' (with a document icon). A callout box with a blue border and a '2' in a circle points to the 'Attach New Documents' button. The text inside the callout box reads: 'Click Attach New Documents.'. Below these buttons, there are two more buttons: 'Make a Water Declaration' (with a gear icon) and 'Let's Get Started' (with a blue checkmark icon). A callout box with a blue border and a '3' in a circle points to the 'Let's Get Started' button. The text inside the callout box reads: 'Click Let's Get Started.'. At the bottom right, there are two buttons: 'Start Over' and 'Let's Get Started!'.

Updating Your INR Details

You can update your INR to:

- Change the name of project or fix a typographical error. Remember that project names must be unique across ERCOT.
- Change the number of megawatts (MWs) you originally entered by up to 20% of the amount originally entered and the summer or winter MWs cannot exceed 20% of the original value or the overall MWs. If this INR is for a resource less than 10MWs, you cannot exceed the 10MW value or you must cancel this INR and start a new one for a large resource.
- Change a milestone date for the resource energization, synchronization with the grid, or operating in the market (COD) or add a date if not entered in the original INR. Note that the Energization date must be at least 130 days before the Commercial Operations Date and 10 days before the Synchronization date, which must be . The Synchronization date must be at least 10 days after the Energization date and 120 days before the COD.

Changing the Project Name

You can add a change request to modify or change the name of your project. Remember that project names must be unique across ERCOT.

Add a Change Request from the Interconnection Requests List Page

The screenshot shows the 'Interconnection Request List' page. At the top, there is a header with the ERCOT logo and 'Your Interconnection Requests'. On the right, it says 'Hello, Maloney Lyn', 'My Account', and 'Log Out'. Below the header, there are navigation links for 'Home' and 'Interconnection'. The main content area is titled 'Interconnection Request List' and includes a 'Start New INR Request' button. Below this, there is a search bar and a 'Show 10 entries' dropdown. A table displays one entry with columns: Alert, Actions, INR Number, Project Name, Primary Name, Company, % in Process, Status, and Last Updated. The 'Add Change Request' button in the Actions column is highlighted with a red box and a callout bubble containing the text: '1 From the Actions column, click Add Change Request.' At the bottom of the table, there are pagination controls: 'First', 'Previous', '1', 'Next', and 'Last'.

Changing the MWs

You can change the number of megawatts (MWs) you originally entered up to 20% of the amount you originally entered on your INR. If you change your summer or winter MWs, they cannot exceed 20% of the original and the overall MWs.

Add a Change Request from the Interconnection Requests List Page

The screenshot shows the 'Your Interconnection Requests' page. At the top, there is a navigation bar with the ERCOT logo, the text 'Your Interconnection Requests', and user information: 'Hello, Maloney Lyn', 'My Account', and 'Log Out'. Below the navigation bar are breadcrumb links for 'Home' and 'Interconnection'. The main content area is titled 'Interconnection Request List' and includes a 'Start New INR Request' button. A search bar is present with the text 'Search: Enter term to find...' and a 'Reset All' button. Below the search bar, it says 'Showing 1 of 1 entries'. A table lists the request details:

Alert	Actions	INR Number	Project Name	Primary Name	Company	% in Process	Status	Last Updated
	View Add Change Request	21INR0564	SOLAR 2	Xxxx Xxxxx	Energy Company		In progress	12-02-2021

A callout box with a blue border and a '1' in a circle points to the 'Add Change Request' button. The text inside the callout reads: 'From the Actions column, click Add Change Request.' At the bottom right of the table, there are pagination controls: 'First', 'Previous', '1', 'Next', and 'Last'.

Select the Type of Change Request

The screenshot shows the 'Change Request for 21INR0564' page. The header includes the ERCOT logo, 'Change Request for 21INR0564', and user information: 'Hello, [redacted]', 'My Account', and 'Log Out'. The main heading is 'Add a Change Request to My INR 21INR0564'. Below this, it says 'Select one option:'. There are three main options:

- Update my INR. A callout box with a blue border and a '1' in a circle points to this option with the text: 'Click Update My INR.'
- Other Changes

Below these options, it says 'Select all that apply to your INR update:'. There are several sub-options:

- Change my Project Name
- Change my MW's. A callout box with a blue border and a '2' in a circle points to this option with the text: 'Click Change My MWs.'
- Change my Dates
- Add GHG Permit
- Add GHG Permit
- Make an Attestation
- Make a Water Declaration

On the right side of the page, there is a grey box titled 'We are here to help!' containing text about the Resource Interconnection Handbook, contact information for the Resource Integration Department, and the ERCOT Help Desk phone number (+1 512 248-6800). At the bottom right, there is a callout box with a blue border and a '3' in a circle pointing to the 'Let's Get Started' button with the text: 'Click Let's Get Started.'. At the bottom of the page, there are two buttons: 'Start Over' and 'Let's Get Started!'.

Update the Existing Information

ercot Change Request for 21INR0564

Dates

Current Dates - your current dates

Energization Date
 Synchronization Date
 Comm Operation Date

Project Dates - update the dates for your project

Energization Date (Required)

📅

When updating this date that the resource will initially connect to the grid, remember that it must be at least 10 days from the Synchronization Date (150 days from the COD).

Synchronization Date (Required)

📅

When updating this date that the resource will initially inject power into the grid, remember that it must be at least 130 days before commercial operations begin and at least 10 days from the Energization date.

Commercial Operation Date (Required)

📅

When updating this date that the resource will begin participating in the ERCOT market operations, remember that it must be at least 130 days after the Synchronization date.

1 For each date above, type in the estimated mm-dd-yyyy.
Or, click the calendar.

- A** Select the appropriate **Month** and **Year** from the drop downs.
- B** Click the appropriate day on the calendar.

Adding a Water Rights Declaration

You must submit a change request that confirms either you do not need water rights, contracts or groundwater supplies in order to generate electricity at your site or that you have secured these rights. You can attach the contracts, permits and ground water adequacy studies that support this confirmation using the Attach New Documents change request.

Add a Change Request from the Interconnection Requests List Page

The screenshot shows the 'Your Interconnection Requests' page. At the top, there is a header with the ERCOT logo and the text 'Your Interconnection Requests'. On the right, it says 'Hello, Maloney Lyn' and 'My Account | Log Out'. Below the header, there are navigation links for 'Home' and 'Interconnection'. The main content area is titled 'Interconnection Request List' and includes a 'Start New INR Request' button. There is a search bar and a 'Show 10 entries' dropdown. A table lists one request with the following details:

Alert	Actions	INR Number	Project Name	Primary Name	Company	% in Process	Status	Last Updated
	View Add Change Request	21INR0564	SOLAR 2	Xxxx Xxxxx	Energy Company	<div style="width: 20%;"></div>	In progress	12-02-2021

The screenshot shows the 'Change Request for 21INR0564' page. The header includes the ERCOT logo and 'Change Request for 21INR0564'. On the right, it says 'Hello, [redacted]' and 'My Account | Log Out'. The main content area is titled 'Add a Change Request to My INR 21INR0564'. Under 'Select one option:', there are two buttons: 'Update my INR' (checked) and 'Make a Water Declaration'. A callout box with a blue border and the number '1' says: 'Click **Update My INR**.' Below this, under 'Select all that apply to your INR update:', there are several options: 'Change my Project Name', 'Change my MW's', 'Change my Dates', 'Attach New Documents', 'Make an Attestation', and 'Make a Water Declaration' (checked). A callout box with a blue border and the number '2' says: 'Click **Make a Water Declaration**.' On the right side, there is a 'We are here to help!' section with contact information for the Resource Integration Department and the ERCOT Help Desk. At the bottom, there are two buttons: 'Start Over' and 'Let's Get Started!'. A callout box with a blue border and the number '3' says: 'Click **Let's Get Started**.'

Complete the Water Declaration Page

ercot Change Request for 21INR0564

Water Declaration

Add Water Declaration & Permits

Declaration of Adequate Water Supplies

An Interconnecting Entity (IE) must submit this attestation form to notify ERCOT that water rights, contracts or groundwater supplies sufficient for generation of electricity have been obtained or that water supplies are not required for the generation of electricity at each proposed Generation Resource. Section 6.9, Addition of Proposed Generation Resources to the Planning Models, requires an IE to submit this form before ERCOT may include certain proposed Generation Resources in the base cases created and maintained by the Steady State Working Group (SSWG), the System Protection Working Group (SPWG), and the Dynamics Working Group (DWG). Any IE that proposes to interconnect a Generation Resource powered by wind, photovoltaic solar, or battery energy storage Resources does not need to submit this form. However, any IE proposing to interconnect any other type of Generation Resource must submit this form, even if the IE's proposed Resource will not use water.

Each IE should submit this attestation for each unique Generation Resource Interconnection Request (GINR) within ten Business Days of securing the relevant water supply rights, or, for Generation Resources that do not require water supplies to operate, within ten Business Days of executing the Interconnection Agreement with the TSP. The attestation should be signed by an officer or other individual with authority to bind the IE.

ATTESTATION

Name of Interconnecting Entity: xxx xxxxx

Project Name: Solar Farm II

INR Number: 21INR0564

I am digitally certifying that I am knowledgeable about the information I am providing and I represent as follows (select one of the following):

- No water rights, contracts or groundwater supplies are needed for the proposed Generation Resource to generate electricity.
- The IE, the owner of the proposed Generation Resource, or another similarly situated party has secured water rights, contracts or groundwater supplies sufficient for the generation of electricity at the above-named proposed Generation Resource. A copy of the relevant contract(s), permit(s) and/or groundwater adequacy studies is attached to this declaration. The right(s) or contract(s) allows the Generation Resource owner or operator access to water according to the following terms (describe basic terms, including quantity, duration, and conditions of access):

Name

Signature Date

12-07-2021

2 Type your full legal name.

3 Click **Continue**.

Selling Your Project

As an IE, you can sell your project to another IE or an RE. You are removed as the primary contact on the account and must supply the email address of the new contact.

As an RE, you can sell your project to an IE or another RE. You are removed as the primary contact on the account and must supply the email address of the new contact and the new company.

You can attach any important documents to the INR about the sale.

Add a Change Request from the Interconnection Requests List Page

The screenshot shows the 'Your Interconnection Requests' page. At the top, there is a header with the ERCOT logo and the text 'Your Interconnection Requests'. On the right, it says 'Hello, Maloney Lyn' and 'My Account' with a user icon, and 'Log Out' with an external link icon. Below the header, there are navigation links for 'Home' and 'Interconnection'. The main content area is titled 'Interconnection Request List' and includes a 'Start New INR Request' button. There is a search bar with the placeholder 'Enter term to find...' and a 'Reset All' button. Below the search bar, it says 'Showing 1 of 1 entries'. A table with the following columns is displayed: Alert, Actions, INR Number, Project Name, Primary Name, Company, % in Process, Status, and Last Updated. The table contains one row with the following data: View, Add Change Request, 21INR0564, SOLAR 2, Xxx Xxxx, Energy Company, a progress indicator, In progress, and 12-02-2021. A callout box with a circled '1' points to the 'Add Change Request' button in the Actions column, with the text 'From the Actions column, click Add Change Request.' At the bottom right of the table, there are pagination controls: First, Previous, 1, Next, Last.

Select the Type of Change Request

The screenshot shows the 'Change Request for 21INR0564' page. At the top, there is a header with the ERCOT logo and the text 'Change Request for 21INR0564'. On the right, it says 'Hello,' followed by a blurred name, 'My Account' with a user icon, and 'Log Out' with an external link icon. The main content area is titled 'Add a Change Request to My INR 21INR0564'. Below the title, it says 'Select one option:'. There are two radio button options: 'Other Changes' (which is selected, indicated by a green checkmark) and 'I've sold this Project'. A callout box with a circled '1' points to the 'Other Changes' option, with the text 'Click Other Changes'. Below the radio buttons, it says 'Select all that apply to your INR update:'. There is a checkbox option 'I've sold this Project' (which is selected, indicated by a green checkmark). A callout box with a circled '2' points to this checkbox, with the text 'Click I've sold this Project.' At the bottom right, there is a 'Let's Get Started' button. A callout box with a circled '3' points to this button, with the text 'Click Let's Get Started.' On the right side of the page, there is a sidebar with the heading 'We are here to help!' and the text 'You can read all of the details on the process in the Resource Interconnection Handbook found here.' Below this, there is a 'Contact Us' section with the email 'ResourceIntegrationDepartment@ercot.com' and an 'ERCOT Help Desk' section with the phone number '+1 512 248-6800'. At the bottom of the page, there are two buttons: 'Start Over' and 'Let's Get Started!'.

Managing the Contacts On Your Project

The project owner is the Primary Contact. Backups and other contacts that you have invited to join the project are displayed on cards on the All Contacts page.

If you need to change a contact to a Backup contact, you must delete the contact and add the contact again specifying that the person is a Backup contact.

Viewing Project Contacts

From the Interconnection Requests List, you can use the View menu button to display the contact cards of people you have added to your project. Viewing the cards can help you determine who has joined the project and who has yet to join.

Select View Contacts from INR List

Appendix A. Troubleshooting Tips

The following tips may help you if you are experiencing certain conditions while using Interconnection Services.

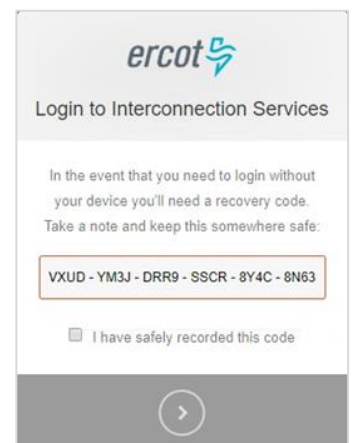

Pages Do Not Seem to Display Correctly

If no page displays or the page looks incorrect, right-clicking and selecting Reload may help fix the problem.

Using Your Auth0 Recovery Code

When you signed up for your RIOO IS account, an Interconnection Services page displayed with a Recovery Code that you were instructed to copy into a file (named something like `ERCOT Auth Information`) and save on your computer. If the Use Your Recovery Code message displays when you attempt to log into your Interconnection Services account, attempt to locate this file.

If you cannot locate the file, you can submit a help desk ticket requesting a reset of your MFA.

Adding Trusted Sites to Your Web Browser

You may need to whitelist, or add, ERCOT Interconnection Services and your multifactor app (Auth0 Guardian or Google Authenticator) to your browser settings in order to access the sites correctly.

You should search Google for the instructions on adding trusted sites to your browser.

Payment Submitted but Submit Page Displays

If you click the **Pay Now** button to submit your payment and another *Submit* page displays, you can click the **Submit** button on the second page without paying again.
