

The Electric Reliability Council of Texas (ERCOT) is a nonprofit organization that ensures reliable electric service for 90 percent of the state of Texas. The grid operator is regulated by the Public Utility

1 MW of electricity is enough to serve about 250 residential

85,508 MW

Record peak demand

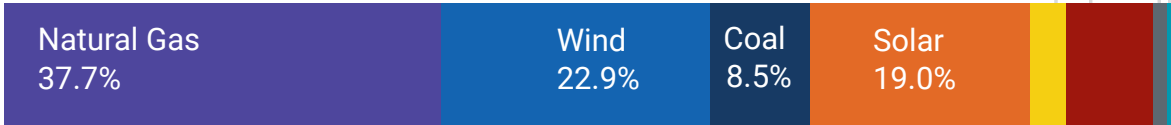

85,116 MW

Weekend peak demand record

**Unofficial until final settlements occur*

2025 Generating Capacity

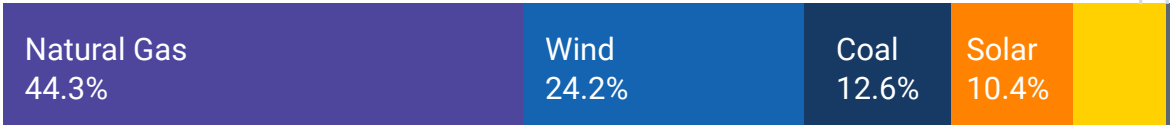

Reflects operational installed capacity for Summer 2025 based on December 2024 CDR report.

The sum of the percentages may not equal 100% due to rounding.
*Other includes biomass and DC Tie capacity.

2024 Energy Use

*Other includes solar, hydro, petroleum coke (pet coke), biomass, landfill gas, distillate fuel oil, net DC-tie and Block Load Transfer imports/exports and an adjustment for wholesale storage load.

Fact Sheet

July 2025

1,873+ active market participants that generate,

1,250+ generating units, including PUNs

54,100+ miles of high-voltage transmission

103,105+ MW expected capacity for Summer 2025 peak

39,968 MW of installed wind capacity as of April 2025, the most of any state in the nation

32,729 MW of utility-scale installed solar capacity as

14,137 MW of installed energy storage as of

28,550 MW wind generation record (March 3, 2025)

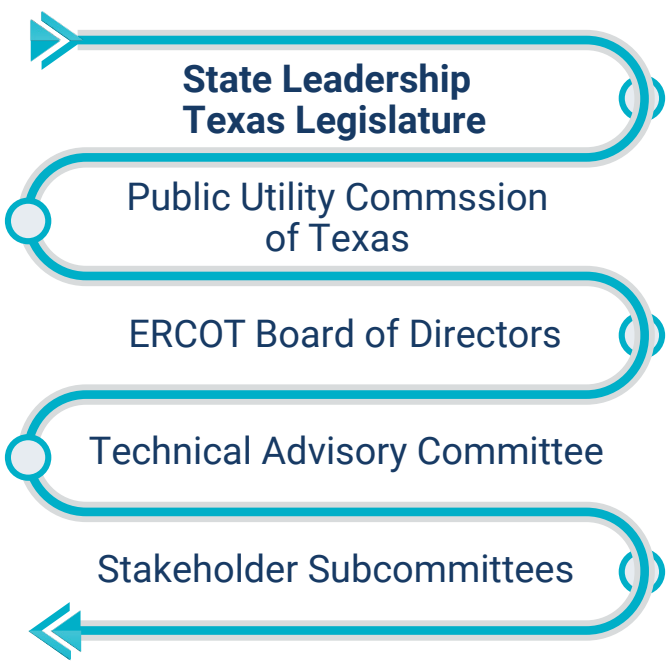

69.15% wind penetration record (April 10, 2022)

29,337 MW solar generation record (July 29, 2025)

56.60% solar penetration record (March 20, 2025)

\$3.8 billion transmission projects endorsed in 2024

ERCOT manages the flow of electric power to more than 27 million Texas customers, representing about 90 percent of the state’s electric load. As the Independent System Operator for the region, ERCOT schedules power on an electric grid that connects more than 54,100 miles of transmission lines and 1,250 generation units, including Private Use Networks. ERCOT also performs financial settlement for the competitive wholesale bulk-power market and administers retail switching for more than 8 million premises in competitive choice areas. ERCOT is a membership-based 501(c)(4) nonprofit corporation, governed by a board of directors and subject to oversight by the Public Utility Commission of Texas and the Texas Legislature.

In 1999, the Texas Legislature restructured the Texas electric market and assigned **ERCOT four primary responsibilities:**

- ✓ *Maintain system reliability.*
- ✓ *Facilitate a competitive wholesale market.*
- ✓ *Facilitate a competitive retail market.*
- ✓ *Ensure open access to transmission.*

ERCOT Board of Directors

Bill Flores Chair - Director	Kathleen Jackson Commissioner, PUCT
Peggy Heeg Vice Chair - Director	Christopher A. Krummel Director
Benjamin Barkley Public Counsel	Kathleen McAllister Director
Linda Capuano Director	Bill Mohl Director
Julie England Director	John Swainson Director
Thomas Gleeson Chair of PUCT	Pablo Vegas President and Chief Executive Officer

ERCOT Executive Team

Pablo Vegas President and Chief Executive Officer	Brandon Gleason Vice President, Legal and Compliance and Assistant Corporate Secretary
Jayapal Parakkuth Senior Vice President and Chief Digital Officer	Kristi Hobbs Vice President, System Planning and Weatherization
Woody Rickerson Senior Vice President and Chief Operating Officer	Gilbert Hughes Vice President, Public Affairs
Richard L. Scheel Senior Vice President, Chief Financial Officer and Chief Risk Officer	Adam Martinez Vice President, Enterprise Risk and Strategy
Chad V. Seely Senior Vice President, Regulatory Policy, General Counsel, Chief Compliance Officer, and Corporate Secretary	Mara Spak Vice President, Human Resources
Drew Bonser Vice President, Chief Information Security Officer	Venkat Tirupati Vice President, DevOps and Grid Transformation
Keith Collins Vice President, Commercial Operations	Dan Woodfin Vice President, System Operations
