

Public Utility Commission of Texas

Application for Chronic Condition or Critical Care Residential Customer Status

IMPORTANT INFORMATION

- This Application must be completed in order to obtain the designation of Critical Care or Chronic Condition Status with your utility.
- This Application will not be processed and approved if incomplete, unreadable, or improperly submitted. All information is required, unless otherwise indicated.
- For questions about this Application, call the Customer's transmission and distribution utility (TDU) during normal business hours at the phone number below:

 Submission of this application does not automatically result in chronic condition or critical care status. Notification of the status granted will be provided to the customer at the mailing address provided.

- Pursuant to the rules of the Public Utility Commission of Texas, designation as a chronic condition or critical care residential customer does not relieve a customer of the obligation to pay for electric service, and service may be disconnected for failure to pay.
- Chronic condition or critical care status does not guarantee an uninterrupted, regular, or continuous power supply. If electricity is a necessity, you must make other arrangements for on-site back-up capabilities or other alternatives in the event of loss of electric service.

INSTRUCTIONS:

- Customer: Complete PAGE 2 of this application, and provide to patient's physician for completion. This application will not be approved unless submitted by fax or email by the physician to the applicable TDU.
- Physician: After completing PAGE 3 of the following pages, please forward only PAGES 2 and 3 to the Customer's TDU indicated on the form (using fax number or email address listed above).
