

EIA Data

2025 EIA Data RFI

Shane Herrera
Operations and Planning Compliance

September 11, 2025

ERCOT Obligation

Under 15 U.S.C. § 772(b), ERCOT is required to respond to EIA data collection requests and allows for civil penalties for noncompliance.

The EIA form EIA-930A is a form that all NERC-registered Balancing Authorities are required to submit to EIA annually.

This form utilizes Names, and IDs that are generated when Resources registers with EIA under the requirements of EIA-860.

EIA Names and IDs may not have a 1-1 match with ERCOT registration, names, or any other identification.

As per a Resources EIA – 860 registration:

- EIA Plant Name
- EIA Plant ID
- EIA Generator ID

RFI Timeline

- September 11, 2025: ERCOT announces RFI at ROS
- September 23, 2025: ERCOT distributes a Market Notice to collect the “EIA Data”
- September 24, 2025: ERCOT distributes associated DocuSign envelopes to applicable Resources
- November 14, 2025: All Resources that could or are projected to produce energy on the ERCOT System have provided ERCOT the “EIA Data”
 - Resources that have an approved PLD by December 2025 will submit the DocuSign envelope for the “EIA Data”
 - Resources that do not have an approved PLD date but have a signed SGIA and a projected sync date prior to December 31, 2026, will enter the “EIA Data” in RIOO-IS
