

Item 10: Communications

Gilbert Hughes
Vice President, Public Affairs

Mark Miner
Senior Director, Corporate
Communications

Human Resources and Governance Committee Meeting

December 8, 2025

Purpose

This presentation highlights ERCOT's 2025
 Corporate Communications activities, strategic areas of focus, implementation of proactive communications, and look forward to 2026.

Key Insights

- Utilized data and analytics to gauge internal and external communications effectiveness. Results show steady growth and impact among stakeholders. Corporate Communications continues to educate and inform internal and external stakeholders.
- Effectively utilized all communications channels to reach stakeholders.
- Increased external communications outreach through editorial board meetings, Trending Topics, Grid Insights, ERCOT Monthly, Advancing Reliability, speaking engagements, media interviews, and social media.
- Increased and expanded internal communications efforts through ERCOT Powered by People, Connect, Ways of Working, Employee Summit, and internal videos.
- 2025 was a low weather event year. ERCOT spent the year communicating policies and procedures surrounding the grid.

Main Objectives

- Educate and inform target audiences by communicating clear and reliable information on grid policies, issues, operations, and conditions
- Utilize all available communications resources, including social media, videos, events/meetings, collateral material, interviews, and presentations to reach our audiences
- Continue building trust and credibility among our stakeholders
- Prepare for crisis situations

Outreach by the Numbers

Advancing Reliability Annual Report

ERCOT Monthly Reports (12) – highlights key grid information

ERCOT 101 Social Media Program (21 posts so far)

Grid Insights (4) – addresses topics important to a reliable, resilient grid

- **Electricity Connection and Transfer**
- **Black Start**
- ERCOT's Energy-Only Wholesale Market
- **ERCOT's Retail Market**

Trending Topics (5) – timely insights into current and upcoming issues

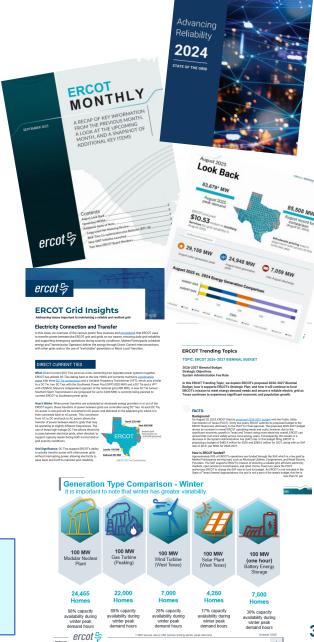

- ERCOT 2026-27 Biennial Budget
- Transmission Planning Process
- Bridging the Gap Left by Retirement of Aging Resources
- Weatherization
- 345-kV and TX 765-kV Strategic Transmission Expansion Plan
- Real-Time Co-Optimization Plus Batteries (update only)

Speaking Engagements (171)

Internal Speakers' Bureau tracks speaking engagements, creates slides

Key Takeaway: ERCOT proactively communicates with stakeholders, such as Market Participants, policymakers, media, and the public, to help them better understand how the grid functions and the many things ERCOT is doing.

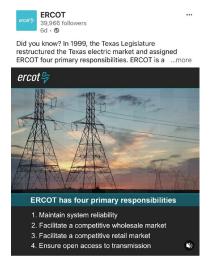

Social Media

(a) Liked by noodle1116 and others ercot_iso ERCOT System Operations Training staff recently provided a hands-on voltage control demo and a "how to build a simulation" presentation that... more

Key Takeaway: Consistent educational outreach is driving more positive engagement and reducing negative sentiment across ERCOT's social channels.

ERCOT Social Media Followers Compared to other ISOs/RTOs

X	Facebook	Instagram	LinkedIn
 ERCOT: 116,044 CAISO: 37,810 PJM: 15,356 MISO: 8,809 SPP: 8,787 ISO-NE: 5,856 	 ERCOT: 46,470 SPP: 14,882 CAISO: 8,324 PJM: 2,185 ISO-NE: 523 	 ERCOT: 862 SPP: 915 ISO-NE: 54 CAISO: 22 	 CAISO: 92k PJM: 41k ERCOT: 40k MISO: 31k ISO-NE: 23K
• NYISO: 4,377		o in	NYISO: 23kSPP: 19K

Key Takeaway: ERCOT leads the other ISOs and RTOs in three of four social media channels. ERCOT has seen growth in all social media channels through targeted outreach.

Media Coverage and Outreach

Hot Topics

- Data center growth redefines infrastructure planning
- Battery storage and solar drive reliability
- 'Uneventful summer' marks reliability milestone

News Releases

- Weather Watch (6)
- Board Members (3)
- GRIT (3)
- Innovation Summit (2)
- CDR report (1)

Headlines

- ERCOT increasingly meets rising demand with solar, wind, & batteries
- ERCOT launches initiative to explore grid innovation as introduced supply changes
- How RTC+B will transform ERCOT's real-time electricity market

Key Takeaway: The year reflected growing confidence amid transformational grid challenges, favorable coverage, and consistency in messaging and outreach.

Crisis Preparations

- Black Start drill
- GridEX VIII drill
- TXANS walkthroughs
- EEA tabletop discussions
- Templates prepared/updated
- Responsibilities three deep
- Social media posts prepared/updated
- TXANS increase in subscribers
 - Currently, ~38,000 subscribers
- Regular meetings with communications team members
- Monthly Market Participant communicators meetings
- Engaged outside public relations firm

Key Takeaway: ERCOT Communications works year-round on preparing, drilling, and reviewing its crisis communications procedures, plan, and related documents.

Engagement, Innovation, & Educational Events

- Employee Summit
 - Third year
 - 630 attendees (in-person)
- Innovation Summit
 - Increased in-person attendance from the inaugural Summit by 50%
 - 850+ attendees (virtual and in-person)
- Annual Membership Meeting
- Quarterly Internal Meetings (8)
- Grid Transformation Speaker Series (12)
- Meeting/Control Room Viewing Requests (7)
- Cvent Software Implementation

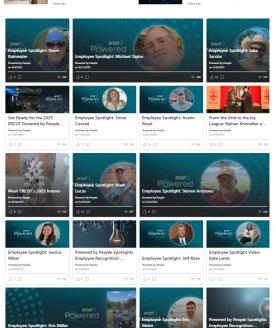

Key Takeaway: Connecting with our audiences – internal and external – is a crucial piece to our mission success in being the best grid in the world.

Empowering Our People Employee Engagement, Outreach, and Highlights

- A Message from Pablo
 - Bi-weekly videos to employees from Pablo speaking on current ERCOT events and celebrating accomplishments
- ERCOT Powered by People Spotlights
 - Monthly feature on employees
- Connect
 - Internal site featuring impactful news (such as the remodel and Tango reservation system), highlighting projects and external events (Speaking Engagement recap and news releases), employee events (chili cookoff, EDP bakeoff, and volunteering)
 - Connect Digest weekly email recapping the news and stories from the previous seven days
- Internal Announcements
 - Working with various departments to align messaging and provide clear communications

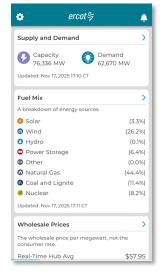

Key Takeaway: ERCOT continues to focus on providing communications to our employees and finding ways to connect, highlight, and celebrate all the great things they do.

Digital Channels Improvements, Upgrades, & Overhauls

- SharePoint Project: 65 new sites; 10 redesigned sites
- Launched New Version of Mobile App
- ADA Compliance: Mobile app is certified Level AA compliant
- Website Redesign Project: Completed design; implementing in 2026
- Dashboard Enhancement Process: Implemented stakeholder process for dashboard feedback
- Launched Grid Research, Innovation, & Transformation (GRIT):
 Designed and implemented new web section for GRIT program
- RTC+B Project: New dashboard, 2 redesigned dashboards, 18 new CDR reports, 6 new "other" reports, 3 new disclosure reports, 12 renamed reports, and 17 removed reports

Key Takeaway: ERCOT continues to improve all digital channels to provide better transparency, communication, usability, and Market Participant requests.

Looking to 2026

- ERCOT.com Redesign (Company OKR)
- Launch ERCOT Podcast
 - Establish A/V Division/Hire Manager
 - Multi-Purpose Media Room
- Department Communications Coordination
- ERCOT Branding/Rollout of New Vision, Mission, Core Values
- Launch Media/Presentation Training Program
- Launch Corporate Communications Education Campaign
- Crisis Communications Preparation
- Evaluate Employee Social Media Policies/Procedures
- Improve Corporate Communications Structure/Procedures
- Examine Analytics to Gauge Communications Effectiveness
- Al Utilization
