

ERCOT Batch Zero Process for Large Load Interconnection: Section 9.2.2(3) Valid Stability Study Form

Instructions: This Section 9.2.2.(3) Form ("Form") must be completed by the Interconnecting Transmission Service Provider (TSP) for a Large Load that has a dynamic stability study on or before July 10, 2026. The Interconnecting TSP provides this Form in accordance with Electric Reliability Council of Texas, Inc.'s Planning Guide Section 9.2.2(3) as stated in Planning Guide Revision Request 145, which is subject to approval by the Public Utility Commission of Texas. All fields must be completed unless otherwise noted. This Form must be returned to ERCOT on or before **July 24, 2026**. Questions regarding this Form may be sent to:

llwg_feedback@ercot.com.

Designated Interconnecting TSP and Large Load Information

Identification information provided in this section must be consistent with information provided in the Load Information Form.

Interconnecting TSP: _____

Identification information provided in this section must be consistent with information provided in the Load Information Form.

ILLE Name: _____

Name of Large Load Facility: _____

Batch Zero Serial Number: BZ-_____

Address of the Large Load Facility: _____

Planning Bus or Description of Bus: _____

Check All Study Types Completed for the Designated Large Load:

- ☐ Large Load Interconnection Study after March 25, 2022, LLI-_____
- ☐ Regional Planning Project Study, Project No(s). _____
- ☐ Permian Basin Reliability Plan
- ☐ Other _____

Stability Study Validity Information

Acknowledgment – Section 9.2.2(1)(c)

Stability Study Validity Information

1. **Has the Designated Large Load been subject to a dynamic stability study?**
 - ☐ Yes (complete Questions 2 and 3)

Customer specific information submitted to ERCOT by an Interconnecting DSP or Interconnecting TSP in this document is considered Protected Information under paragraph (1)(r) of Protocol Section 1.3.1.1, Items Considered Protected Information.

☐ No (Questions 2 and 3 are not required)

2. If yes, provide information about the previous stability study, including who performed the study, the date of the study, and whether ERCOT reviewed and approved the study.

3. The Interconnecting TSP has determined that the dynamic stability study for the Designated Large Load has:

☐ not been adversely impacted by updated dynamic data provided by the Designated ILLE

☐ been adversely impacted by updated dynamic data provided by the Designated ILLE

Notarization

By executing this Form, the undersigned represents that he or she is a representative, official, officer, or other authorized person with binding authority over _____ (Interconnecting TSP), is authorized to execute this Form on behalf of the Interconnecting TSP, and that the statements contained herein are true, correct, and complete to the best of the undersigned's knowledge and belief as of the date of execution.
