Flat COP HBSOC issue update

- ERCOT presented the issue at the June 2026 WMWG
- ERCOT began outreach to Market Participants in July:
 - Completed first round of outreach meetings with eight market participants.
 - Began seeing improvement
 - ERCOT is now conducting a second round of outreach with additional market participants holding a certain level of ESR capacity not included in the first round.
- ERCOT will provide another update at the September 2026 WWMG.
