Request for Proposal for Data Center Infrastructure Management (DCIM) Platform_5-22_BC

Date of Release: May 16, 2022

1. General Information

1.1. Request for Proposal (RFP) Objective

The objective of ERCOT in this procurement is to identify and contract with a qualified Respondent to provide an on-site platform for Data Center Infrastructure Management (DCIM) and professional services to install, configure, and migrate an existing inventory.

Electric Reliability Council of Texas will be using Scout RFP to manage the submission process for this RFP.

In order to participate, each respondent is required to create a free supplier account with Scout by accessing the following link and following the instructions for new account creation.

https://go.scoutrfp.com/rfps/public/362608

Once registered, you can view details and ask questions (via Scout's message center) to Electric Reliability Council of Texas within the Scout platform. You will also be able to invite additional team members to collaborate, and submit your RFP response.

1.2. ERCOT Point of Contact

The sole point of contact for inquiries concerning this RFP is:
