

Request for Qualifications for Weather Emergency Preparation Inspection Services

Date of Release: January 29, 2024

1. General Information

1.1. Request for Qualifications (RFQ) Objective

The objective of ERCOT in this procurement is to identify and potentially contract with one or more qualified Respondent(s) to provide Generation Entity (GE) and Transmission Service Provider (TSP) weatherization inspections to ensure identified electric power generation resources and transmission facilities in the ERCOT market are taking appropriate measures to complete the winter and summer weather emergency preparation measures for each generation resource or transmission facility under its control. The objective of the inspection is to validate that resources and transmission facilities are compliant with applicable regulatory requirements found in 16 Texas Administrative Code (TAC) § 25.55 – Weather Emergency Preparedness (the PUC rule).

Electric Reliability Council of Texas will be using Workday Strategic Sourcing/ to manage the submission process for this RFQ. To participate in this event, you will need to create your free supplier account per the following link:

<https://us.workdayspend.com/rfps/public/574389>

Once registered, you can view request details and ask questions (via Workdays message center) to Electric Reliability Council of Texas within the platform. You will also be able to invite additional team members to collaborate and submit your Bid.

Contract Term

ERCOT intends to award a contract resulting from this solicitation as necessary to fulfill the goals of this Request for Quote (RFQ).

1.2. ERCOT Point of Contact

The sole point of contact for inquiries concerning this RFQ is:

Britney Chapman
ERCOT
2705 West Lake Drive
Taylor, Texas 76574
Britney.Chapman@ercot.com

All communications relating to this RFQ must be directed to the specified ERCOT Point of Contact. All other communications between a Respondent and ERCOT staff concerning this RFQ are prohibited. Failure to comply with this section may result in ERCOT's disqualification of the proposal.
